

WARRIOR

1987

the 1980s. The 1980s have been a decade of change for the world of work. The changes have been brought about by a number of factors, including the increasing importance of technology, the increasing importance of the service sector, and the increasing importance of the global market.

The changes have brought about a number of challenges for the world of work. One of the challenges is the increasing importance of technology. Technology has become an essential part of the world of work, and it is becoming increasingly important. This has led to a number of challenges, including the need for workers to have the skills to use technology, and the need for employers to invest in technology.

Another challenge is the increasing importance of the service sector. The service sector has become a major part of the world of work, and it is becoming increasingly important. This has led to a number of challenges, including the need for workers to have the skills to work in the service sector, and the need for employers to invest in the service sector.

A third challenge is the increasing importance of the global market. The global market has become a major part of the world of work, and it is becoming increasingly important. This has led to a number of challenges, including the need for workers to have the skills to work in the global market, and the need for employers to invest in the global market.

The changes have also brought about a number of opportunities for the world of work. One of the opportunities is the increasing importance of technology. Technology has created a number of new jobs, and it is creating more jobs. This has led to a number of opportunities, including the need for workers to have the skills to use technology, and the need for employers to invest in technology.

Another opportunity is the increasing importance of the service sector. The service sector has created a number of new jobs, and it is creating more jobs. This has led to a number of opportunities, including the need for workers to have the skills to work in the service sector, and the need for employers to invest in the service sector.

A third opportunity is the increasing importance of the global market. The global market has created a number of new jobs, and it is creating more jobs. This has led to a number of opportunities, including the need for workers to have the skills to work in the global market, and the need for employers to invest in the global market.

The changes have also brought about a number of challenges for the world of work. One of the challenges is the increasing importance of technology. YEARBOOK & INDEX

Yearbook Staff	298-307
Index	308-319
The End	320

Pabst Blue Ribbon beer, "The Beer That Made Milwaukee Famous," is quitting in Milwaukee, ending a 150-year tradition. About 250 workers will lose their jobs.

St. Louis Cardinals were Central Division Champions for the 1996 baseball season.

Winner of thirteen Gold Glove awards, Ozzie Smith retired from America's favorite pastime, breaking the hearts of many loyal St. Louis Cardinals fans.

Hurricane Fran reaped havoc in Cape Fear, N.C. in September. The hurricane killed thirty-four and destroyed more than \$1 billion worth of property with her 115-mph winds.

Lou Holtz resigned as Notre Dame football coach with a 99-29-2 record. Coach Holtz is six games short of tying Knute Rockne's record.

Jerry Reinsdorf, General Manager for the Chicago White Sox signed Albert Belle to a contract with the White Sox for \$30 million. Belle will receive \$10 million a year for the next five years.

A runway collision of two aircraft killed 12 people in Quincy, Illinois in November 1996.

Michael Jackson announced he would be a father. Soon after, he married Debbie Rowe, the mother of his child. Debbie gave birth to a boy in February.

TWA flight 800 en route to Paris from New York crashed off of Long Island in July 1996 killing 230 people.

Delino DeShields joined the Cardinals. The former L.A. Dodger signed with the Cardinal organization to receive \$1.5 million for the next season with the option for nearly \$2 million for the 1998 season.

Tommy Lee and Pamela Anderson filed for divorce after their 21-month marriage, which included the birth of a child, Brandon Lee. To win back Pamela, Tommy swore off drugs, alcohol, and loose women. With this, Pamela returned to Malibu, where the couple resides, from self-imposed exile in Aspen. The couple eventually separated for good.

To mark the 20th anniversary of the first 'Rocky' movie, five countries (Gambia, Ghana, Uganda, St. Vincent and

Grenada) issued stamps with the face of Rocky Balboa. Sylvester Stallone made Rocky famous.

Northwestern football coach Gary Barnett said "Thanks, but no thanks," to Notre Dame in regard to their coaching offer.

The Sands Hotel and Casino in Las Vegas was brought down by dynamite in late November 1996 to make room for another larger hotel and casino.

Disneyland fans said good-bye to the Electric Parade on November 26, 1996. It will no longer be a part of the festivities in Disneyland, California.

Mike Tyson made \$75 million for three fights, all of which were sponsored by Don King.

According to the Harris Poll, Mel Gibson was voted as America's favorite movie star in 1996. Second place went to John Wayne, Steven Segal was third, Clint Eastwood fourth, and Arnold Schwarzenegger and Tom Cruise tied for fifth.

After being a free agent for 48 hours, Alex Fernandez received a \$35 million, five-year contract from the Florida Marlins on December 9, 1996. This made Fernandez baseball's second-highest-paid pitcher behind Atlanta's John Smoltz, who will average \$7.75 million under his four-year contract with the Braves. In terms of total dollars, Fernandez's package is the most for a pitcher.

Frank Sinatra turned 81 years old December 12, 1996. He celebrated his birthday with a party at his home in Beverly Hills. New York City decided to honor Ol' Blue Eyes by lighting up the top of the Empire State Building to help celebrate his 81 years.

On December 15, 1996, McDonnell-Douglas Corporation agreed to merge with the Boeing Company, surrendering its independence to form the world's largest aerospace company. This was a \$13.3 billion deal.

A freighter crashed into a riverfront hotel-shopping complex in New Orleans on December 14, 1996. A total of 116 people were hurt when the freighter "Bright Field" struck the Riverwalk. People raced from stores and eateries and leapt from a gambling boat moments before the crash.

A Value Jet airliner crashed into the Florida Everglades, taking all its passengers, and sparking concern and debate over airline regulations and standards.

When a three year-old boy fell into the gorilla habitat at Illinois' Brookfield Zoo, Binti-Jua, an eight year old female Simian Gorilla, carried the boy to safety. For her heroics, Binti received a medal of honor from the American Legion and thousands of letters from her adoring fans.

After 63 years of cleaning diapers, the Dydee Diaper Service of Boston, MA, folded. Victimized by the competition from Pampers, Huggies and other plastic disposables, the country's second oldest diaper cleaning service went out of business.

In December, the St. Louis Blues fired head coach General Manager Mike Keenan. Keenan was a part of the Blues organization for two and a half years. He was replaced by Joel Quenneville.

The St. Louis Rams lost their head coach Rich Brooks in December. He was fired. Brooks coached the Rams since they moved to St. Louis in 1994. The Rams failed to have a winning season in the two years under Brooks' leadership.

On September 21, 1996, John F. Kennedy Jr. married Carolyn Bessette at a secret ceremony on Cumberland Island, GA. Millions of women all over the world mourned the loss of the country's most eligible bachelor.

After 15 years on morning TV, Bryant Gumbel left the "Today" show on NBC.

Hillary Rodham Clinton shied away from confrontation. The 48-year-old First Lady championed the massive health-care reform plan but it never became law. Nevertheless, Mrs. Clinton pushed ahead and had a long history of work on children's issues.

Television shows will now be rated. TV-Y for shows appropriate for all ages, TV-7 for shows with some violence or other material unsuitable for children under seven. TV-G for all audiences, TV-PG for parental guidance suggested, TV-14 for programs not suitable for children under 14, and TV-M for mature audiences only. The ratings would be made by producers and distributors of shows. Each network will be able to decide if it chooses to participate in the rating of the shows.

The Hacienda Hotel & Casino was brought down by explosives at the stroke of midnight on December 31, 1996. Construction of a new hotel began immediately after the area was cleared.

Twelve days after the official beginning of winter, the temperatures scooted all the way up to 72 on Thursday, January 2, 1997 breaking the record by four degrees set in 1964. The normal high is 38-degrees. Last year at this time, the St. Louis area was buried under 8 to 10 inches of snow. Schools and business closed, and airplanes were unable to take off or land.

It was the greatest year in history for American women's athletics. More fans attended the women's NCAA basketball final than the men's game. Also, American women took 19 gold medals at the Atlanta Summer Olympics.

In August, NASA announced that a small meteorite held evidence of bacteria-like life on Mars, the fourth rock from the sun.

When Hawaii proposed the legalization of same-sex marriages, Congress responded by passing the Defense of Marriage Act, denying federal recognition of same-sex marriages.

According to Money Magazine, the safest city in the United States in 1996 was Amherst, New York, while St. Louis was the third most dangerous, being outranked only by Newark, New Jersey and Atlanta, Georgia.

Beck was named Artist of the Year by several music magazines, including Rolling Stone and Spin. "There wasn't much competition," stated the twenty-six year-old performer.

On April 11, seven year-old Jessica Dubroff plummeted to her death during her attempt to become the youngest child to fly solo across the country. Within hours of the crash, the site of the plane wreck was piled with stuffed animals brought by strangers.

The notorious and elusive "Unabomber," aka Ted Kaczynski, was finally apprehended by the FBI in April. During this maladjusted Montana mountain man's twenty year-long career of building and mailing bombs from his small shanty, the Unabomber was personally responsible for the deaths of three and the wounding of twenty three people with bombs. He had his 35,000 word manifesto published in the New York Times in 1995.

Alexandra Nechita, an eleven year-old Californian, sold over \$2 million worth of her Picasso-esque paintings.

When six year-old Jonathan Prevette kissed a classmate, he was slapped with a sexual harassment charge.

In January, Newt Gingrich was re-elected Speaker of the House, despite his ethical breaches. He may have won, but he lost the support of many fellow Republican Congressmen.

A California high school made headlines in early 1997 when it began teaching "Ebonics" as an official subject. A combination of the words "ebony" and "phonics," Ebonics teaches "street" language.

The Presidential Inauguration was held on January 20 coinciding with the federal holiday observing Dr. Martin Luther King's birthday. President Clinton was the first Democrat to be elected to a second term since Franklin D. Roosevelt.

Monday, January 13, Steve Fossett lifted off in a hot air balloon from Busch Stadium in St. Louis. Fossett was going to attempt a flight around the world. After one week he was forced to land in India after running out of fuel.

Sixty year old Dick Vermeil was named the Ram's new head coach. Vermeil has not been on the side lines in 14 years.

The Tupac Amaru Revolutionary Movement stormed the Japanese ambassador's residence in Lima, Peru on December 17, 1996, demanding the release of hundreds of jailed comrades. The rebels took more than 500 diplomats hostage.

On Monday, February 17, 1996, the new entrance from the back parking lot at G.C.H.S. finally opened to students, faculty, and staff.

In Scotland, sheep were cloned. Soon after, scientists in the USA reported cloning monkeys.

The "Roseanne" show was cancelled after 10 seasons.

McDonald's announced it would, with approval of its Board of Directors, sell the Big Mac and other sandwiches for 55-cents with the purchase of large fries and a large drink.

The Democratic party nominated Clarence Harmon by a 58 to 41 percent vote over Freeman Bosley for the St. Louis mayoral race.

1. The New York Yankees brought a world championship back to the Bronx by edging the defending champion Atlanta Braves 3-2 in Game 6 of the World Series. This was the first championship for the Yankees since 1978, and their 23rd overall.

2. Olympic gold medal winner Michael Johnson was what track coaches call speed endurance — the ability to carry top speed. He proved he had endurance-plus. Johnson won an unprecedented double win in the Summer Olympics in Atlanta. He won the 200 and 400 meter race.

3. It was late in the third quarter when Desmond Howard of the Green Bay Packers returned his first kick off for a touchdown as a pro. And it was a whopper — a 99-yard return for the longest kick off return in Super Bowl history. The Packers went on to beat the New England Patriots 35 - 21 in Super Bowl XXXI.

4. The seven members of the U.S. women's gymnastic team won the unlikely of the gold medals in the unlikely of fashions. Team member Kerri Strug made the clinching vault on a bad ankle, and became an Olympic heroine the instant she landed. Her coach, Bela Karolyi, carried her to the stand to be awarded the gold medal.

5. A deadly explosion disrupted the Olympic Games. Just as the Games were turning Atlanta into a giddy metropolis overflowing with tourists, a pipe bomb packed with nails exploded in the crowded Centennial Olympic Park. One person died instantly and another died of a heart attack. More than 100 people were injured.

1. Ross Perot, who four years earlier won more votes than any other independent Presidential candidate in 80 years, launched a campaign as the 1996 nominee of the Reform Party. The sixty-six-year-old Texas billionaire was a less formidable figure than he was in 1994, but a very vocal candidate nevertheless. Lacing his speeches with inspirational anecdotes from American history and his own life, Perot lambasted budget deficits and big government.

2. William Jefferson Clinton began his second term in January 1997 as the forty-second President of the United States. He placed his left hand on a family bible held by his wife and took the thirty-five word oath of office administered by Chief Justice William H. Rehnquist.

3. For the first time in its history, the House of Representatives voted to reprimand and fine its speaker for bringing discredit on the House. The House Ethics Committee ruled that House Speaker Newt Gingrich was involved in using tax-exempt foundation money for his political ends.

4. Bob Dole retired after thirty-five years in Congress to devote himself full time to running for President. At the age of seventy-three, the former senator from Kansas would be the oldest person elected to a first term as president. As his running mate he picked Jack Kemp, an active Republican and former cabinet member. Dole and Kemp promised to give President Clinton a "run for his money." They attacked the president's character and ethics while promoting the Republican fifteen percent tax cut. They lost.

5. Boris Yeltsin was re-elected President of Russia and pledged to continue the reforms he began five years ago. However, the sixty-five-year-old president began immediately to show the signs of severe heart problems. It was announced that he had at least two heart attacks in the previous two years. Open-heart surgery was the only solution to his life-threatening disease.

6. Hong Kong was a British colony on the brink of great change in 1997. Great Britain's lease on Hong Kong was set to expire on July 1, 1997 and the Chinese were poised to reclaim the island. After one-hundred years of British rule, British administration and jurisdiction over Hong Kong will end and it will become a Special Administrative Region of the People's Republic of China.

7. Shannon Lucid is a new record holder. The fifty-three-year-old shuttle astronaut veteran set the women's record for consecutive days in orbit 188 — beating Russian cosmonaut Elena Kondakova. She also amassed 223 days in orbit since 1995, making her America's most experienced astronaut.

1. Tracy Chapman was back on the charts with her latest album, "New Beginning". As one critic wrote: "One thing Tracy Chapman has inevitably gained over the years is polish. This new album is simply and impeccably orchestrated, tightly and urbanely played. The songs are adorned with soft jazz accompaniments."

2. Monica may be young, but she knows about attitude. She says she is confident, intelligent, self-possessed and self-assured. "Miss Thang" is her debut hit with Roudy Records. The critics say "it's a potent, persuasive and personal statement from a young woman who's heading up the new breed of R&B singers." Monica was born and raised in Atlanta and began singing in her local church choir.

3. "The Woman In Me" was Shania Twain's biggest album of the year. It was the second album released by the Canadian singer, but it was by far her biggest hit. It went platinum and stayed on the Billboard Top 200 for over a year. She won the new country artist of the year award at the American Music Awards. As one critic said: "Shania has changed the face of country music for women."

4. Hootie & the Blowfish were once described as a well-meaning four piece band from South Carolina who made a pleasant but otherwise unremarkable album that should have sold maybe a million copies, but instead sold more than 13 million. So it goes. For their next act, Hootie and the boys produced "Fairweather Johnson."

5. Mariah Carey was only a teenager when a Columbia record executive heard her demo tape and signed her up. Her first album soared to the No. 2 spot and the rest is history. It's been solid gold ever since. When Mariah performs, her voice takes command over the battalion of background singers. Her latest album "Daydream" hit the No. 1 position on the charts.

6. The Macarena hit all the charts — from Latin to Pop — and enlivened dance floors all over the world. The song was first released three years ago and it became a big hit in Spain. Someone then had the bright idea to market the song internationally. Numerous Macarena versions have added variations to the basic moves of the dance, which requires a 360-degree turn to be completed in four jumps to the right.

7. George Strait began recording hit songs twenty-five years ago. He's still at it. Every one of his more than twenty albums for MCA records went at least gold and his total sales are now about 30 million albums. His latest hit, "Blue Clear Sky," is well on its way to gold sales. As one critic said: "Blue Clear Sky carries on the tradition of excellence in country music with a collection of performances that continue to make George Strait the definition of country music."

8. Three years ago Jewel was a fledgling singer-songwriter living on carrots and peanut butter sandwiches. Now, the twenty-two year-old performer from Alaska is a smashing success. Her debut album of bittersweet folk songs, "Pieces of You," just went platinum.

Cardinal Joseph Bernardin, the senior Roman Catholic prelate in the United States, died of cancer in November. Over 1300 took part in a final tribute before Bernardin was laid to rest. Approximately 90,000 people filed past the casket at Holy Name Cathedral to say their final good-bye.

Morey Amsterdam, long-time actor on the 1970's television comedy, "The Dick Van Dyke Show."

Tiny Tim, whose birth name was Herbert Khaury, died November 30, 1996. He was famous for performing his signature song, "Tiptoe Thru' the Tulips." Tiny Tim was born on April 12, 1932. He died of cardiac arrest after having heart problems for several years.

Country singer Faron Young, who died December 10, 1996 after shooting himself in the head, was an artist who for decades cast a long shadow over Nashville's music industry. A suicide note indicated he was despondent over his failing health.

Mary Leakey, archaeologist who studied prehistoric man, died in December 1996.

George Burns, a well known actor who was best known for his smoldering stogies and endless punch lines. For 35 years he co-starred with his wife Gracie Allen on their hit radio T.V. show. He died at the age of 100.

Minnie Pearl, a famous actress who strutted her stuff on the stage of the Grand Ole Opry died in March at the age of 83. She was famous for greeting HOW-DEEEE on the show "Hee Haw".

Tupac Shakur, the famous gangsta thug rapper died at the age of 25 in a Las Vegas drive-by. He had three solo albums in which the third reached No. 1. Before serving a prison sentence for sexual abuse, he had been shot five times. He later commented about the pre-prison shooting, "I wish they didn't miss."

Erma Bombeck, humorist and columnist, died at the age of 69. "If done properly, housework kills," she said. With this kind of profound humor, she stormed the white picket fences of suburbia in her twice-weekly column, her regular TV spots, and her best-selling books.

Audrey Meadows, 71, best known for being Jackie Gleason's wife, Alice Kramden, in the television series, "The Honeymooners."

Dana Hill, actress best known for the sound of her voice on the television series, "Duckman." She died at the age of 32.

Greg Morris, 61, known for being in the television series "Mission Impossible," Morris was the talented electronics expert who knew everything and was able to repair and build whatever was necessary in every episode.

Ted Bessell, 61, actor-director. He played the guy opposite Marlo Thomas in the series, "That Girl."

Vince Edwards played the talented doctor "Ben Casey" on television. This show was the ER of its time. He died at 67.

Spiro Agnew, former vice president, died in September. He was 77. As governor of Maryland, he'd taken tens of thousands of dollars in graft. In October 1973, 10 months before the Watergate scandal toppled his boss, Agnew became the first vice president to resign in disgrace. He was fined \$10,000 and sentenced to three years probation.

Juliet Prowse, dancer and actress on stage and screen, died at age 59.

Greer Garson, actress, died at age 92. She was graceful and beautiful.

Neil Reagan, older brother of former President Ronald Reagan and retired advertising executive, died at age 88.

Mark Frankel died September 24 in a tragic motorcycle accident. He was one of the stars in the T.V. shows "Sisters," "Fortune Hunter," and "Kindred: The Embraced."

Elaeazar Carvalho was a former conductor of the St. Louis Symphony. He died at the age of 84.

David Packard, co-founder of the Hewlett-Packard Co. died at the age of 83.

Rush H. Limbaugh Sr., Cape Girardeau attorney and grandfather of the controversial talk show host Rush Limbaugh.

Jessie White, famous character actor best known for his 22-year commercial stint as the Maytag Repairman. He died at the age of 79 due to complications of surgery.

Rene Lacoste, French tennis champion of the 1920's, died at the age of 92.

Curt Smith, owner and founder of the Curt Smith Sporting Goods Store.

Bill Monroe, father of country bluegrass music. He influenced such singers as Elvis Presley and Bob Dylan. He died in September at the age of 74.

Fred Lip, inventor of the first electric watch.

Ron Brown, Secretary of Commerce in the presidential cabinet. A brilliant strategist and an elite Washington lawyer, he used his race to bridge the prejudice in America. He died at the age of 54 in a plane crash over Croatia.

Claudette Colbert, actress and star of the famous movie "It Happened One Night," died at the age of 92.

Richard Dawson, the host of the famous T.V. game show "Family Feud" committed suicide.

Christopher Robin Miln, namesake of the famous Winnie-the-Pooh character. The cartoon episodes were based on the boy's childhood fantasies.

Melvin Allen, the broadcaster for the New York Yankees died at the age of 52.

Ella Fitzgerald, singer. In her career she won 13 Grammys and was "Down Beat" magazine's top female singer of the year 21 times. Her fabulous voice, which came naturally to her, made Ella a popular figure for everyone to love.

Paul Erdos died in September at the age of 83. He was perhaps the greatest mathematician of the 20th century. His lust for numbers was one that no one could ever understand, while his work was just as mystical.

Timothy Leary, nicknamed the Ultimate Pied Piper, died at the age of 75. The one time Harvard Professor who was fired for sharing LSD with undergrads led a very wild life. His variety of antics included an escape from prison, and an acquisition of a site on the world wide web.

Margaux Hemingway, 41, actress and grand-daughter of Ernest Hemingway, killed herself.

Dorothy Lamour, actress, died at the age of 81. On screen, as in life, Ms. Lamour was a lady of quality, beauty, and class. What made her one of Hollywood's top stars in the late 1930's and 40's was her memorable seven "Road" flicks she did with Bob Hope and Bing Crosby.

Roger Tory Peterson, famous ornithologist-artist-author. His pocket-sized guidebook simplified bird watching for many people. He died in his sleep at the age of 87.

Nelson "Nellie" Hagnauer, Madison County Chairman of the Board, was an influential figure in today's modern politics.

Lash LaRue, western film actor famous for being the only good guy to wear black, died at the age of 71.

Virginia Christine, best known as Mrs. Olsen in the Folgers Coffee commercials, died at the age of 78.

John Chancellor, anchorman for NBC, died at the age of 68.

Butterfly McQueen, actress that played the maid in the famous movie "Gone With The Wind," died at the age of 84.

Pete Rozelle, NFL Commissioner for 30 years, died at the age of 70.

Howard Rollins, actor from the television series, "In the Heat of the Night," died at the age of 46. He died December 8, 1996 of a bacterial infection due to complications from lymphoma. Rollins was dismissed from the series in 1993 because of drug abuse.

Dr. Haing S. Ngor, actor best known for his performance in the movie "The Killing Fields."

Carl Stokes, first African-American mayor in the U.S. was 68 when he died.

Admiral Jeremy Borda, the top U.S. Navy officer, was the first man to enlist in the Navy and graduate up to the ranks of Chief of Naval Operations. He died at the age of 53.

John McSherry, a well-respected umpire in baseball, died at 51.

Johnny "Guitar" Watson, who stands alongside Bo Diddly and Chuck Berry as one of the founders of rock and roll, was 61 when he died.

P.L. Travers, author of the story "Mary Poppins," died at age 96.

Albert R. "Cubby" Broccoli, director of five "James Bond" movies, died at the age of 87.

McLean Stevenson, actor who played the role of Lt. Col. Henry Blake on the television show M-A-S-H, died at the age of 66.

Jessica Mitford, journalist best known for her work on the story "The American Way of Death," died at the age of 78.

Don Simpson, film producer known for the movie "Beverly Hills Cop," died at the age of 52.

Jerry Siegal, co-creator of Superman, died at the age of 81.

Francois Mitterrand, president of France, died at the age of 79.

Patsy Montana, western singer known for her song "I Wanna Be a Cowboy's Sweetheart," died at the age of 87.

Tommy Rettig, the little boy who always stood beside his pal Lassie in the television show of the same name, died at the age of 54.

Jimmy "The Greek" Snyder, a famous oddsmaker that was either loved or hated by everyone, died at the age of 76.

William Colby, CIA director that rebuffed President Nixon's attempt to use the CIA for domestic purposes, died at the age of 76.

Sterling Morrison, famous musician from the band "Velvet Underground," died at the age of 53.

Rudolf Wanderone Jr., nicknamed "Minnesota Fats," the famous pool shark, died this year.

Barbara Jordan, congresswoman activist, died at the age of 59.

Herb Edelman, actor on the television show "Golden Girls," died at the age of 62.

John Berardino, actor on the television soap opera "General Hospital," died at the age of 79.

Mary Thompson, who was until her death the oldest living American, died at the age of 120.

Jessica Durboff died at the age of seven while trying to become the youngest pilot ever to fly solo across the country.

Marcello Mastroianni, dubbed "The Latin Lover," a very famous Italian movie star, died this year. He made more than 120 films.

Curt Flood, former Cardinal baseball great. During his years with the Cardinals, the acclaimed centerfielder won 7 gold gloves and played 226 games straight without making a single error. After the Cardinals traded him, he sued the Reserve Clause and was a pioneer for free agency. He died of throat cancer at the age of 59.

Ennis Cosby, son of the actor-comedian Bill Cosby, was brutally shot while changing a flat tire along the highway in Los Angeles. He was 27.

Tom Parker, former manager of Elvis Presley, died at the age of 87 from a stroke.

Paul Tsongas, former U.S. Senator who ran for the Republican nomination for President in 1992, died in the beginning of 1997.

Deng Xiaoping, one-time paramount leader of China, died in February 1997.

Notorious B.I.G., Christopher Wallace, rapper with Bad Boy Records, was shot to death in Los Angeles on March 9.

Adriana Case-Lotti, 80, voice of Walt Disney character Snow White, died January 19 after a bout with cancer.

REMEMBER ME THIS WAY

On May 10, 1996, Granite City Senior High School held its traditional May Carousel Ceremony. The theme of the evening was "Remember Me This Way." Many friends and relatives were present to share the night with the senior girls.

May Carousel is a special tradition that is dedicated to the senior girls of GCHS. Each senior girl is invited to participate in the event. Each girl in May Carousel processes in and is individually announced.

The May Carousel court was chosen by the faculty. From the ten girls chosen for the court, the student body voted for the May Carousel Queen. This year the retiring 1995 Homecoming Queen, Andrea Malone, crowned the new May Carousel Queen, Amanda Schermer. Amanda was escorted by Jay Simpson.

The attendants to the Queen were Meredith Chomko, Marcie Holsinger, Summer Kosuge, Denise McMillan, Jessica Nicols, Tracey Petrillo, Tara Wiebush, Jennifer Willis, and Jill Wozniak. The royal escorts to the attendants were Justin Bernaix, Brian Blankenship, Brad Ervay, Michael Halbrook, Mark Hewlett, John Janek, Matthew Kelahan, Brian Lloyd, Lewis Prasmas, and Jay Simpson.

The royal escorts and other gentlemen involved in May Carousel were also voted on by the faculty of GCHS.

After the procession of the senior girls, the flag, rifle, and pom-pom squads, along with the cheerleaders, performed routines. The freshmen, sophomore, and junior members of the squads dedicated their performances to the girls present at May Carousel.

Following the routines came the traditional senior dance and May Pole. After the May Pole dance the girls were serenaded by Kip Campbell and his rendition of "Remember Me This Way." After this, the girls chorus group sang "I'll See You Again" accompanied by Mary Bright.

After all the festivities, families and friends mingled with the seniors for photographs in a tearful farewell to their life as seniors. May Carousel is the formal farewell to the senior girls of Granite City High School, but it also represents the beginning of their life outside of GCHS.

A FESTIVE OCCASION

This year, twenty-two seniors were chosen for the 1997 Homecoming Court. The female Court members included Julie Burnett, Amanda Crabtree, Christy Gilmore, Natasha Gregg, Jamie Hendrickson, Kelley Johnson, Andrea Jones, Sangeeta Kumar, Karen McClelland, Elizabeth McKeachan and Amanda Solomon. The Court also included eleven young men: Kyle Briggs, Rusty Ford, Walter Greathouse, Mikal Guffey, Andrew Harris, Christopher Jones, Patrick Mullen, Brad Neidhardt, David Parker and Paul Williams.

On the opening night of the Homecoming Play, the members anxiously awaited the crowning of the king and queen. Once the play ended, it was only a matter of moments before the Court members took the stage. After the Court procession, Mr. Ron Pennell made the announcement everyone had been waiting for: "The 1997 Homecoming King is ... Rusty Ford! ... And the 1997 Homecoming Queen is ... Julie Burnett!" When a few of the members of the 1997 Homecoming Court were asked for their thoughts on Coronation they replied:

"I had a great time being on Homecoming Court. It made that week of my Senior year unforgettable."—Christy Gilmore

"Being chosen for the Homecoming Court was one of the most unexpected events of my life. It wasn't something I particularly hoped for, but it was still pretty cool to be recognized by my classmates."—Patrick Mullen

"I had a lot of fun being on the court this year. Coronation was pretty nerve racking, but it was still a blast."—Kelley Johnson

"It proved that even a trouble-maker like me can get on court."—Rusty Ford

"I was very happy when I found out that I was chosen for Homecoming Court. It was a great honor to be chosen by classmates. I'll remember it forever."—Sangeeta Kumar

"It was pretty exciting to get elected to court. It was fun being around everyone and going out to eat."—David Parker

"Homecoming was something I'd looked forward to since my freshman year. I never thought I'd be one of the court members. It made Homecoming all the more exciting for me and my family."—Andrea Jones

"Homecoming this year was the greatest! Each year I've increasingly had more fun, and being on court made it even more memorable. It's always been the "big seniors" at coronation and the convertibles at the parade. To finally see friends my age in those positions is an experience within itself."—Amanda Crabtree.

The Homecoming parade scheduled for Tuesday, October 22, had to be canceled due to unfavorable weather conditions. It was re-scheduled for Friday. Since this was the last school day of the Homecoming week, the parade was held during school time. Students were dismissed at 2:35 and asked to go to the front of the school to view the parade. Participants were dismissed at 1 p.m. to work on their floats.

Everyone was excited for the start of the parade. The theme this year was "Trample the Tigers." Floats and students in the parade travelled from the back lot to Fehling Road and then to Nameeki Road. They continued to Madison Avenue and turned on 30th street.

Judges were waiting on the parade route to vote for their favorite floats. This year's first-place winner was VICA and the second-place award went to the Science Club.

TIME OUT FOR GINGER

The 1996 Homecoming play was **TIME OUT FOR GINGER**, a delightful comedy in three acts. The play, directed by Mr. Ronald Pennell, amused audiences while teaching a valuable social lesson.

On the evenings of Wednesday, October 23 and Thursday, October 24, the cast of the comedy entertained near sell-out crowds prior to the traditional entrance of the Homecoming court.

The play was about a young high-school aged girl, Ginger Carol, played by Tarra Falter, who wanted to join the school football team. This desire was prompted by a speech given by her father, Howard Carol, played by Steve Mathes, on individual rights.

The rest of her family, including her mother Agnes, played by Kelly Pithers, and her sisters Joan and Jeanie, played by Kate Jacobs and Natasha Mangiaracino, were initially very much against the thought of a girl, especially Ginger, playing football.

Ginger's boyfriend Tommy Green, played by Colin Anderson; Eddie Davis, played by Patrick Mullen, who was the captain of the team; Bob Wilson, the principal of the high school, played by Danny Dixon; and Ed Hoffman, who was portrayed by Robert Crane, all opposed to Ginger playing football. The Carols' maid, Liz, played by Sarah Fielding, was the only person who supported Ginger throughout the entire play.

Eventually, Ginger's family realized that males and females are equal and Ginger should be given an opportunity to fulfill her dream.

The Individual Events and stagecraft students, under the watchful eye of Mrs. Beverley Scroggins, did a great job with the set. They worked endless hours preparing, constructing, painting, and assembling the necessary materials to make this play a huge success. The crew and Mrs. Scroggins transformed the GCHS stage into the appropriate play setting to give the actors a wonderful area in which to perform.

"The cast did an outstanding job, and the play was well received by the audiences. They were two great performances," said Mr. Pennell.

THE WEEK IN REVIEW

This year Monday was Come As You Are Day. People came dressed in their pajamas or comfortable clothing. Some wore sweats, flannel pajamas, nightgowns, robes, and fuzzy slippers. Everyone added their own special touch by putting rollers, or pig tails in their hair. Still others brought their stuffed animals.

Monday was also Opposite Sex Day. Some of the items of clothing which guys wore were jumpers, skirts, and dresses. They also wore wigs, put bows in their hair, and put on makeup to complete the outfit. Some girls wore suits and baseball caps to look like the guys.

Tuesday was Concert T-shirt / College Sweatshirt Day. Many students participated on this day since just about everyone has a college sweatshirt or concert T-shirt. Some of the concerts represented were from Urge, 311, Green Day, R.E.M. Not all of the shirts worn sported new, alternative bands, Vince Gill, Garth Brooks, and Allan Jackson were among the country-western concert shirts, and the Beatles made a good appearance.

Many students also decided to wear both college T-shirts and sweatshirts. Some of these were the schools which students planned to attend, while others were colleges whose sports team they like.

Wednesday, October 23, we took a step back in time. Students dug through parents' attic and went to second-hand stores looking for the 60's-70's-80's attire.

Walking through the hallways at GCHS reminded you of a rerun of The Brady Bunch. Students were seen in polyester suits, bell bottoms, fitted sweaters, long straight hair, and platform shoes.

Also, Wednesday was Army Attire Day where GCHS students wore Army camouflage gear. They also wore black boots, dog tags, face paint, and helmets.

This Homecoming Week activity was one of the most participated in by GCHS students. Students and faculty were proud of the school spirit shown this day.

Thursday, October 24, was Disney and Nerd Day. Students showed their spirit by dressing in their favorite Disney character sweatshirt or tee-shirt. Some went all out and dressed up like their favorite character. Seen walking down the hall were Goofy, Taz, Mickey, Minnie, and Donald Duck.

Also seen in the halls were Nerds. Taped glasses, short pants pulled up with suspenders, white socks, greased hair and pocket protectors. Short ties and loafers were a part of the attire of some of the Nerds at GCHS. A real standout were the "Kick Me" signs. This day brought on some big laughs by all.

Friday, October 25, was chosen for school spirit day. Many students at GCHS went all out to show their pride for our school.

Red and black clothing was seen throughout the halls on both students and faculty members. Students wore red and black clothing such as T-shirts, sweatshirts, as well as football, soccer, and hockey jerseys. Faculty members wore their school shirts sporting the school colors.

Students displayed their pride in other ways beside their clothing. Many students showed their spirit by wearing the traditional school mum sold by Student Council. Others went a step further then clothing and decorated their faces and hair with our school colors. Some girls on campus showed their spirit simply by wearing red and black ribbons in their hair.

No matter how students showed their spirit, everyone seemed to have great enthusiasm and pride for their school.

The homecoming football game has been a tradition. Every year the stands are packed with enthusiastic students, parents, faculty, and fans cheering for the home team. The football game is preceded by a week of spirit-filled school days that add to the feeling of pride in our school and team.

This year our homecoming opponent was the Edwardsville Tigers. After four quarters of play and an exciting halftime show by the band, poms, and color guard, the football Warriors fell to defeat.

Also, taking place at halftime was the recognition of the 1996 Homecoming Court. The members of the court drove around the football field in sporty convertibles. The members of the parade were preceded by Queen Julie Burnett escorted by King Rusty Ford.

The 1996 Homecoming Football game turned out to be a very exciting, enjoyable evening for all who attended. Everyone will look forward to next year.

ONE IN A MILLION

Wouldn't it be nice to win a million dollars? Sounds wonderful but it is not likely. One way to win a million dollars is to enter a sweepstakes. There are many types of sweepstakes — Readers Digest, Publishers Clearing House, Irish Sweepstakes, etc.

It is extremely easy to enter a sweepstakes. Simply fill out your entry form and send it in. You may have to re-enter several times depending on if there are any preliminary drawings before the big one.

You've mailed in your entry form; today is the day that the winner will be notified. You begin this day like any other. The door bell rings; you answer it. "Ed McMahon and Dick Clark" appear at your door. **YOU'VE WON A MILLION DOLLARS!** After you come to your senses, reality sets in. What are you going to do now that your a millionaire? How are you going to spend it all?

Buying a new car sounds like a good idea when you have a lot of money. Brian Griffith says, "I'd buy a real car to replace my 'little go-cart' that I have now." Then there is Stephen Snyder who thinks of others before himself, "I would buy my girlfriend a new car."

Others might prefer to invest in real estate. Adam Cruse stated, "I'd buy a huge house to live in." This type of investment can use up much of your money, but it is a smart choice for the future.

The stock market would be another place to invest your money, if it was done wisely. Ryan Anderson says, "I'd buy stock in the Anheuser-Busch Company."

On the 'practical or realistic' side, Alex Bautsch replied, "I would buy a bunch of new magic tricks."

Who knows, some day you may get the chance to have this big decision to make.

AFTER THE BELL RINGS

Just as the White Rabbit in "Alice In Wonderland" was always late for a very important date, many students find themselves in very similar situations. When the 3:07 bell rings they make their way through the existing exits to their afternoon activities.

Though the academic day ends at 3:07 for most students, some stay for club meetings, extra help in class or tutoring. When asked what he does after school, Robert Turck said, "I stay after school to practice basketball." Some stay for just a few minutes after their chemistry class to find out exactly how an experiment works, or to check with their math teacher about a specific problem.

Others, however, stay after school by no choice of their own. Tardiness or other problems in class gave them a chance to spend some extra time in detention. Besides going on a student's record, detentions also cut into post-school activities such as television watching, talking on the phone with one of their friends, or listening to their favorite radio station.

Instead of going home after school, some like to go grab a bite to eat. Either a quick stop at the favorite restaurant or fast-food establishment usually satisfies their after-school craving for a quick snack. Franklin Hollis said, "I always go to Dairy Queen after school and get a Macho Meal."

For others, finishing homework early means an evening free for all types of relaxing activities. Peace of mind knowing that their work is completed makes the students enjoy the after-school hours.

Certain GCHS students leave school en route to their part-time job. Richard Bell replied about his part-time job, "I go to work at Lakeview Driving Range right after school." While part-time work helps out financially, it takes its toll on an already crowded calendar. Students have to manage their time and try to cope with many events occurring at the same time.

Most students participate in after school activities. For many, it leaves them with little extra time. It's said that time can move mountains. The lack of it forces students to rush and squeeze as much as they can into their precious hours outside of school.

INDUSTRIAL LIVING

Branch out and enlarge the scope of one's interest. Sometimes enlarging that scope doesn't come as easily as expected. But after discovering the world of industrial education, the task becomes a little easier.

Opportunities that were never thought possible in some of the accelerated classes are now at the students' fingertips. They can form their own little branch that suits them perfectly. These branches include welding, auto mechanics, graphic arts, electronics, building trades, computers (drafting), and machine shop.

Students enrolled in the industrial program at Granite City High School gain enough information about their field so that when they apply for a job the employer will be more likely to hire them. This is because the employer will not need to take time to train them. This gives the students advantages. Skilled workers are becoming very scarce.

After being enrolled in the vocational program, students at GCHS can leave high school expecting a variety of opportunities once they enter the working world. Besides high wages many benefits can also be included. Workers can receive health insurance, paid vacations and retirement plans. When students that are currently enrolled in these classes were asked to comment about them, this was their

reply:
"Every industrial trade involves welding. It's a good all around trade to know. Welding isn't necessarily what I am going to do for a living, but any trade that I pick will involve it." — Ralph Thomas

"Welding is a fun way to learn a trade, that will help us in life." — Chet Fine

"I took vocational auto because I like to work on cars, and want to be the best. I like the fact that we get hands on training, and get to work on your own cars. I've taken it more than once because I think auto is the best of the vocational programs." — Eric Reeves

"I like automotive class because it teaches me things I don't know about cars, and I can work on mine during some designated days." — James Watkins

"Graphic communications has taught us about the production and distribution of the needs of our school and other schools." — Anthony Broyles

"Graphic Arts is a class where we learn and gain experience by designing and printing forms for others." — Eduardo Arguelles

"Electronics is a very important trade to learn because, it is the future of the world. Many important things will be based on electronics." — Randy Gardner

"Between college prep and a vocational

class the most fun I had was in Electronics. Being in a class for two hours helped me to get to know the people in there better. I look forward to going to Electronics everyday." — David Parker

"I am in building trades to learn how to build and remodel houses. I hope to go to college and get an apprenticeship in carpentry." — Ryan Anderson

"Building is a learning experience so that when we are older we can build our own house." — Paul Worthen

"Computer drafting is a good hands on experience in the drafting field." — Christopher McBride

"In drafting we type in lengths and angles of lines and circles, then the computer draws the commands we give it. Drafting is a good hands on experience with the CAD system. Take it, it's fun!" — Crystal Pope

"Machinists can make just about anything. It's fun to work with your hands." — William Acord

"Machine shop is a great class, people should take it for great opportunities." — Jaron Naney

If you are interested in learning about a trade, it is advisable to enroll in one of these courses.

TOP OF THE CLASS

To most students, the words 'top 10% of the class' brings to mind the traditional thought of a bookworm who had dedicated their entire life force to getting 'A' grades. However, some of the top ten students tried their best to prove this stereotype wrong.

Grades are important, but being active in extra-curricular activities is also important in making a well-rounded individual. Many of the seniors found out that a high score on the ACT or being part of the top ten didn't automatically get them into the college of their choice. Most colleges these days are looking for students who have participated in community activities, sports, club activities, as well as maintaining a good grade average.

While many students excelled in either extra activities or academics, many members of the top 10% had the best of both worlds. By learning to budget their time, the students were able to have enough time to study and maintain an active extra-curricular life. Students would sometimes study into long hours of the evening, but they knew it was worth it.

Reasons for getting high grades varied. Being part of the top 10% was a goal some set when they entered high school and it was important for them to reach that goal. In reaching it, they credited their success mainly to hard work.

"I have managed to make good grades, become extremely involved in school activities, and still managed to have fun," says Vincent Willaredt. Sangeeta Kumar says, "It is not that difficult. It just takes a little extra effort. I've also made time to be involved in extracurricular activities."

"After four years of hard work and dedication, I have succeeded by being involved in many enjoyable activities as well as being fourth in our senior class," says Melanie Gensert.

So, by hard work and dedication, the students in the top 10% were able to have the best of everything. Whether it was in basketball or chemistry, soccer or geometry, the feeling of what they learned was the important part.

ATHLETIC CHANGES

When the Granite City school system started to renovate the high school, Mr McKechan, the athletic director at GCHS, decided that the athletic complex could use a well-deserved face lift. Most of the complex was starting to show signs of aging. For instance, the bleachers that are on the girls soccer/football field were built in 1958. The press box that sits behind the stands was built in 1967. The fence that surrounds the entire athletic complex was erected in 1975. It was for those reasons that Mr. McKechan decided that the athletic complex could use a face lift.

Mr. McKechan first consulted Mr. Brad Eavenson, the Director of Buildings and Grounds, to help organize the reconstruction of the athletic complex. The next step was to start the surgery.

The first item to go under the knife was the press box that stands on the girls soccer/football field. It received a fresh coat of paint in the beautiful school colors of red, black, and white. The signs on the press box that spell out Warriors also received a fresh coat of paint.

The old concession stand that was built by the band boosters was the next item up for a make-over. The building first received a new roof, then it too was painted red, black, and white to match the press box. This building is now used for storage for the track team.

The scoreboards on both the boys soccer/baseball field and the girls soccer/football field were repainted in red for more school spirit. The goal posts used on the girls soccer/football field were painted a bright yellow similar to the ones in professional sports.

The old rusty fence that encircled the athletic complex was taken down as well. In its place, a new dark green fence was erected. A second brand new dark green fence also encircles the entire girls soccer/football field.

GCHS was the first school in the area to paint murals on the field. This was done for both the football field and the boys soccer field during the fall. It serves as a moral booster for the teams. It also looks great.

One of the major renovations on the boys soccer/baseball field was the addition of two new sets of bleachers. Before the new bleachers were added, workers had to move the old set of bleachers for the start of the soccer season. It would take ten men approximately two days to move the bleachers to their new position. Mud occupied the spot where the bleachers were placed. This was a hindrance because everyone that would attend the soccer games would end up with a pair of muddy shoes. To eliminate this problem, a concrete slab was poured on the opposite side of the field. The new bleachers were placed on this slab, where they would have a permanent home. Behind the bleachers a new press box was built for the boys soccer/baseball field. This press box also serves as an announcers booth.

Behind both the new bleachers and press box the school built a new storage facility. The Granite City Elks donated \$4,400 to build the new facility. This building has dual purposes. The soccer team uses it as a meeting room between games, and it is used for storage.

There are still many things that may happen to the athletic complex. Mr. McKechan is looking into a portable concession stand for soccer games, two more sets of bleachers for the boys soccer/baseball field, and new bleachers for the entire girls soccer/football stadium. There is also a possibility of an all-weather track being added to the stadium. It would replace the cinder track that is presently being used.

Memorial Gymnasium is also getting a new look on the inside. The gym was painted with more red to emphasize the school colors. The windows are also going to be repainted since the black paint is peeling off. There is a possibility that two new sets of volleyball nets are going to be added to the gym, as well as new basketball hoops.

Banners purchased by the 1994-1995 Student Council were also added to the gym. The banners show the many different sports in which Granite City has won a state championship. They hang from the rafters in the middle of the gym to give it a college-type look. In the front foyer, Student Council has also purchased a sign to honor all students who are currently playing sports and are on the honor roll. This athletic honor roll requires a grade point average of 4.25 or higher. Also, pictures of former GCHS students that are now playing college sports were added to the trophy case.

The annex, next to the gymnasium, is also being renovated. As of right now, one would think they were entering the dungeon of GCHS. To fix this problem the annex is going to be repainted in the same pattern as the press box at the football field: red, black, and white. Banners will also be hung in the annex to promote school spirit and to take away from the dungeon appearance.

The athletic complex will be receiving a new weight room. The weight room has dimensions of 75 x 100 feet. Any person that is in training or plays a sport will be allowed to use the room. The room will have a full array of weights as well as girls and boys locker rooms. This addition will not take place for several years.

Mr. McKechan stated that the tennis courts will be replaced after the reconstruction of GCHS is over. He said that eventually softball could possibly be played on campus instead of at Wilson park. These future possibilities for the athletic complexes at GCHS give current and future students a positive outlook on athletics at the high school.

The athletic face lift that Granite City High School is receiving is something that the students and community have deserved for a long time. Some of it is still a vision for the future, but everyone hopes that it will become a reality.

THE LAST OF FOUR

Now that you are finally a senior, it's fun to reminisce about the 'good old days,' and the 'days gone by.' Do you remember what it was like four years ago? Do you remember the first day or first week of school? Was it a frustrating experience, or did you take it in stride?

Think about it. Your mother or father dropped you off at school and you walked into a building approximately twice the size of what you expected. There were students everywhere, but you only knew very few. This was not going to be easy.

You go to homeroom and get your schedule. Your classes were in rooms above the cafeteria, in the Coolidge wing, and all over the main building. Isn't Coolidge a junior high school? The bell rings and you take off. After looking at your schedule three more times, you finally get an idea of where to go. After successfully finding your first and second hour classrooms, you go to your third hour lunch-study. In a half hour it will be lunchtime, but it's only 10:30 A.M. Is this a mistake or is it brunch? While waiting patiently for the bell to ring and end 3-1, a horrifying thought comes to mind. Who am I going to eat lunch with? Will I know anyone? What will I eat? What will I do?

You walk to the cafeteria and see two people you recognize. This is your lucky day. Now you can relax and eat a good nourishing meal in the cafeteria and get ready for fourth hour. You eat hardly because it's going to be a long time before your next meal.

The bell rings and it's off to fourth hour. What will this be like? Is the teacher going to seat everyone in alphabetical order or will I be able to sit next to someone I know? What if it's the 'right' person. It's best to look good.

You meander out of the restroom and head straight for fifth hour. This class wasn't so bad. Before you knew it, the hour passed and the bell rang for sixth hour P.E. class. After that, there was only seventh hour. You run to P.E. thinking you would be late, but you made it. The bell rang, and now it was time for the last class of the day.

Just when you thought it was almost time for the bell and time for you to exit this great learning experience, a little voice comes over the loud speaker and says "This is your 3:07 announcements." You realize that it's almost over.

Finally the bell rang. Time to go, but go where? The back lot was full of yellow buses that all looked alike. Which one was mine? After asking five drivers if they went where I live, the sixth one said, "yes." What a relief. I would get home before the sunset.

While sitting on the bus, you begin to recall all the funny situations you experienced today. It's funny now, but it wasn't funny when you got up in the middle of your fourth hour thinking it was time to leave. After everyone looked at you, you realized it was the middle of class and sat back down again. That won't happen again.

But what about sixth hour? What about that good-looking student who sat next to me. It almost made the entire day worth while, knowing that I would sit next to such a gorgeous individual, everyday!

You get off the bus and begin to walk toward home. You begin to remember all the things you were supposed to do today, but forget. You also begin to remember all the things you have to do for tomorrow. There's so many questions left unanswered. What's my first-hour teacher's name? Do I need extra money for a bag of chips and how much? What's my locker number and combination? Is that really going to be a swimming pool between the main building and the vocational building. Eventually the year passed. Now you're a sophomore, junior and finally a senior. All the days of waiting and hoping to be a senior came and went. This year was full of excitement, hardwork, expectations, friendships and tradition. It will be the one year that almost every twelfth-grader will remember.

Looking back on time, being a senior couldn't have come soon enough. Now that it is here, many wish they could have another year to share and learn with their friends, but soon they make the realization that this is not an ending, but the beginning of another phase of life. Good-bye to G.U.S. — we welcome the future.

MY FAVORITE HOLIDAY

When the school year began, the first holiday to come to mind was Labor Day. It was a day off of school. This year, however, school began after the traditional first holiday of the school year. Students had another weekend to spend with their friends, go to Six Flags one final time, or just take a lazy dip in someone's backyard pool.

Now, however, holidays have a larger meaning than just another day off from school to most students. Holidays are days that you can socialize with your friends, enjoy pleasant family gatherings, or maybe just spend a quiet day at home alone. Some teenagers take this time to visit with relatives that they do not see very

often. Many go to the mall or just hang with friends and do activities that they enjoy.

Christmas and Easter are very popular holidays; some students seem to forget about some of the less popular days. Seniors were asked what their favorite holiday is and for what reason. They responded as follows:

"My favorite holiday is Halloween. The reason is I feel a pull to an ancient time, when my ancestors practiced magic, and worshiped their ancient gods, I can almost feel the wind in my hair." — James Myint

"I like New Years. There are always so many places to go and spend time with your friends, like the Disco Ball at the Kiel Center.

Everybody always has fun counting down at midnight." — Amanda Solomon

"Ground Hog Day is my best holiday, because groundhog's are afraid of their shadows and so am I." — Steven Mathes

"I like Halloween because that is the day that I fit in with everyone else." — Michael Rudy

"Christmas because everyone is always in a good mood, and there is a cheerful glow to everyone's faces." — Casey Gaudette

"The 4th of July is what I like best. It is because of all the fireworks and the carnivals. Also, the weather is warm." — Jaime Smith

JANUARY GRADUATES

On Friday, January 24, at 2 p.m., 42 seniors walked across the auditorium stage and received their certificate of graduation. Their actual diploma will be mailed to them in June. These students also have the opportunity to also participate in the June graduation. The choice is theirs.

Board members, high school administrators, and the superintendent of schools were in attendance to help the seniors celebrate this special day. They congratulated them as each of their names was called off. Family members, relatives, and friends were joyous to the occasion as they took photographs and applauded for their very special senior.

The 42 graduates were Jason Anderson, Rene Brown, Angela Bridgett, Jennifer Burris, Autumn Byrd, Jennifer Cann, Krystal Carpa, Heather Carpenter, Christina Dugan, Brian Fudge, Elizabeth Garrison, Holly Gibson, Kasandra Haggard, Timothy Hall, Ronand Hanner, Christopher Jones, Paul Jones, Melissa McCallister, Angela McDowell, Angela Nance, Angela Nemeth, Joshua O'Gara, Jamie Oliver, Richard Pool, Rebecca Robinson, Angela Sanchez, Eugene Schaefer, Phillip Schoffra, Randi Schur, Shahni Sebastian, Joshua Sedabres, John Selliers, Shannon Shepard, Brandy Simmons, Melissa Swigert, Joshua Tomlin, Jason Warren, James Watkins, Amy Waugh, Mary Wienhoff, James Wilson, and Heather Winters.

After the ceremony, a special social hour was held for all the students and their friends. Many stayed around and talked with other seniors, relatives, and friends. It was a special time to gather for the last time at the high school and be called a senior. Now the time has come to start a new beginning as a high school graduate. Congratulations to the 42 seniors who made it. They will all be anxiously awaiting the official graduation in June.

A REGRETFUL SITUATION

You're sitting in your math class waiting to find out your score on a big test you took yesterday. Your teacher hands you your paper ... an F! Just great! You think back to the night before the test and start to regret doing something with your friends instead of staying home and studying.

Many students regret doing something, whether it was becoming friends with an annoying person, not trying out for your favorite high school sport, or not doing your homework. Regrets are just a part of life that everyone has to deal with.

For instance, when Wesley Reed was asked what his biggest regret is he said, "Eating the school cafeteria food." Rachel Rees says that her biggest regret is "Dying my hair with Kool-Aid." Dane Bauer added that starting his freshman year in high school badly would be his biggest regret, while Juannell Goodwin says that he regrets, "Missing a dunk in a basketball game." Salina Morlen regrets, "Letting Mr. McClain put wet magnesium in my hand." and Matthew Glover's comment was "Throwing a smoke-bomb in the school hall." Traci Manis regrets, "Taking a locker that wasn't mine and then having to find my books after my lock got cut off."

READ A GOOD BOOK

What's entertaining as well as educational? No, not PBS. The answer is: a book.

Believe it or not, a large number of high school students read books: anything from MIEN KAMPF to OTHELLO, and CUJO to CATCH-22.

Teenagers often read books for pleasure when there is nothing else to do or for some intellectual stimulation. Many teens pick up a book as a divergence from the monotony of television.

As students progress through high school English classes, they are assigned various books to read. Many of these books are considered "classics," like ROMEO AND JULIET, OEDIPUS REX, PRIDE AND PREJUDICE, FRANKENSTEIN and THE SCARLET LETTER. Other books are pieces of modern literature, such as 1984, BRAVE NEW WORLD, TO KILL A MOCKING BIRD, OF MICE AND MEN, A SEPERATE PEACE, THE GREAT GATSBY, WATERSHIP DOWN, and THE ADVENTURES OF HUCKLEBERRY FINN. Most of these books contain some moral lesson, but some are just plain entertaining.

These classes, along with the help of pro-reading T.V. shows, like READING RAINBOW and the THE LETTER PEOPLE, make students want to "read more about it." In the immortal words of Levay Burton, "You don't have to take my word for it." Here are some favorite books of the junior class:

"NEEDFUL THINGS by Stephen King. It is arranged nicely and always kept me in suspense." — Karen Knox

"I like the book by Jerry Seinfeld, SEINLANGUAGE, because it has been the role that I live by." — Daniel James

"THE GIFT by Danielle Steel is my favorite book, because it seems so true to life." — Kristin Ribbing

"ROMEO AND JULIET, because I would love to have a man love me enough to climb a wall to be with me." — Kathryn Curran

"My favorite book would probably be my collection of short stories by Edgar Allan Poe. I enjoy how he combines horror with reality." — Kristy Ball

IN 20 YEARS, I'LL BE ...

It is during a person's high school career that they begin to really plan their futures. There are many questions one asks themselves. Where am I going to go to college? What should I become?

Everyone has this idea of what they want to become. Many see themselves as doctors, lawyers, famous athletes, or in various other fields. Some don't know where they want to go or what they want to do

with their lives. The junior class was asked where they see themselves in twenty years and these were the replies given:

"I see myself as an attorney in Washington, D.C." — Tarra Falter

"I would like to be playing in the U.S. Open." — Adina Lewis

"Playing guitar in a band touring around the world." — Mario Rossi

"I will be married with two kids and teaching at an elementary

school." — Salina Morlen

"I hope to be a successful psychologist." — Kristie Ross

"I see myself settling down and starting a family." — Kathlynn Schermer

"In 20 years, I find myself in a very good job." — Joshua Done

"Married to a successful doctor." — Rebecca Gehling

"I see myself in a law firm trying murder cases." — Karen Knox

SHOP UNTIL YOU DROP

Shopping. To some its a hobby or a pastime, others see it as a sport, but to all it's a necessity. Lets face it, whether you like to shop or not, its something that must be done. Some people enjoy shopping more than others and say they even have a favorite place to do so. The majority of these places are clothing stores but they do not always have to be. Your favorite place to shop could be where you purchase items that serve the purpose of your hobby, or even where that cute guy or girl you have had your eye on works. Whatever the case may be, your favorite place to shop is probably where you spend the majority of your time when you are out shopping.

When the junior class of GCHS was asked "Where is your favorite place to shop?", this is how they responded:

"I like the clothing at the GAP." — Sarah Garcia and Jessica Mefford

"The style of clothing at Eddie Bauer and Structure are my favorite." —Jonas Janeke

"My favorite place to shop is The Buckle." — Erica Lohman and Erin Ballew.

"I enjoy the atmosphere of Natural Wonders." — Traci Manis

"American Eagle Outfitters is my favorite clothing store." — Jillian Ponder

"I like to shop at Ambergrombie and Fitch at the Galleria." — Robert Harris

"I shop around in Emily Markel's closet." — Sara Schwager

"The Home Shopping Network is where I like to shop because it is easy access." — Emily Markel

"I enjoy shopping at Wise Speed Auto in St. Louis for race car parts." — Brad Clark

"Structure would be my favorite place to shop." — Timothy Simon

"Banana Republic in the Galleria is the best place to shop in my opinion." — Anna Tapp

"I like to shop at Wal-Mart because they have a very good selection of video tapes." — Christopher Markovich

ALL THE CARDINAL FAVORITES

Have you ever gone to a baseball game just to watch your favorite player play. You might hate the team that they play for but just adore the player. This player might be a good hitter, fast on the bases, have an awesome glove, or just look good in his uniform.

The St. Louis Cardinals have many players who fit into this favorite player category. The Cardinals have many skilled players who helped them clinch the central division. These players range from Ozzie Smith to the Benes brothers. When GCHS juniors were asked who their favorite Cardinal player was and why, this is how they responded.

"Andy Benes is my favorite player because he is cute." — Kara Coleman

"Ozzie Smith is my all time favorite player." — Amy Thomas

"My favorite player is Brian Jordan because he can do it all." — Eric Jackson

"Willie McGee because he is the all time greatest Cardinal player." — Laurie Bohnenstiehl

"I like Ray Lankford because he looks good in his uniform." — Sara Schwager

"My favorite player is Fredbird because he has all the skills." — Todd McQueen

"Ozzie Smith, Ray Lankford, and Brian Jordan because the Cardinals

would not know what to do without these three guys on the team." — Alfred Mahan

"Ray Lankford and Brian Jordan because they are the two best outfielders on the Cardinal team." — Keith Donohue

"Brian Jordan because he's all out hustle all of the time." — Steven Graham

"My favorite player is Ozzie Smith because he is the greatest shortstop of all time." — Jeffrey Klee

"Ozzie Smith because he has been around for a long time and I just like him." — Jerry Jackson

STUDENTS NAME FAVORITE CLASSES

Throughout your school years there is one class that really stands out. A favorite class to most people is a class that they have enjoyed what they were taught, the people in the class were mostly their friends, or the teacher was good. When juniors at GCHS were asked what their favorite class was/is, these responses were given:

"Lunch isn't really a class but I like it because you get to eat and chill." — Robert Brummitt

"Psychology because you learn about what people may be think-

ing or feeling." — Jillian Ponder

"My favorite class is Band because there is no homework and it is fun." — Laura Davis

"My favorite class was probably Chemistry. We got a chance to see the experiments, not just on paper, but in real life. Also, we learned what they were used for." — Rosanne Slecka

"American History, because history is my favorite subject." — Jessica Mefford

"Biology because I like dissecting things and learning about life." — Matthew Gibson

"My favorite class has been acting because I got to do something fun that I love to do plus, take naps on the auditorium floor." — Laura Nicol

"Any math class because I like to work with numbers." — Kristin Sollberger

"Even though working in the office isn't really a class, I liked it because there is no homework." — Steven Graham

"The upper class, because I love rich, snobby people." — Todd McQueen

UP IN SMOKE

Smoking is a very controversial subject in our country today. It is illegal for people under the age of eighteen to purchase tobacco products. Still, many minors smoke.

Understanding why a young person would start smoking now, knowing the risks, is very difficult. Many people start smoking because of curiosity. Others start so they look more mature. Peer pressure is the main cause of teenage smoking. Young adults do not want to look out of place when offered a cigarette, so they accept it. Amanda Dockery said, "I smoke because when I started, everyone smoked so I figured it was okay."

Understanding why someone would continue to smoke is a little easier. Quitting smoking is very difficult. Cigarettes are extremely addictive. Also, most smokers don't want to stop. They find cigarettes very soothing. Dena Harper said, "Smoking eases my tension and it takes my mind off things."

Many teenagers have made the decision not to smoke. They are concerned about their health. Cigarettes may lead to lung cancer or emphysema. It has been reported that smokers are also more susceptible to colds and infections and have less endurance than non smokers. Sarah Fielding said, "I don't smoke because it makes my eyes watery." Some people don't smoke because they don't find it appealing, and many students said, "smokers stink and have bad breath. Also, most smokers have yellow teeth and nicotine stains on their hands."

So whether you are a smoker or not, you need to understand the other side's opinions and know why they make the decisions they do.

RING IN THE SOPHOMORES

There are many things that make your sophomore year enjoyable. One is that you are able to order your class ring. It will always remind you of the four great years you spent at the high school. It will be a reminder of everything you participated in or accomplished at GCHS.

At the beginning of each year, Jostens comes to the school during the lunch hours with many ring displays to encourage the sophomores to purchase a class ring. Also, there is a meeting in the evening for the parents to attend along with their children. At the meeting, parents and students check out the selection and ask any questions that they might have.

It is not so easy finding the right ring at the right price for you. When buying your class ring, there are various choices of what it will include. It can include a sporting team, clubs, your school mascot, your name, or religious symbols. All this is just on the side of the ring. You can also have a choice of what kind of stone you want embedded in it and what kind of band you want it to have. Students can get a gold or silver band with a stone of almost any size or color you want. Also, you can get the school mascot or a variety of other designs behind your stone. Another feature is that you can get your name or initials engraved on the inside of the band.

Many feel that class rings are a waste, but others think that high school would not be the same without one. Some students buy them to show off, some because it is a family tradition, or just because they want to give the ring to a significant other. No matter what the reason, your class ring is something you can treasure for the rest of your life.

IN THE ARMY NOW

For any student who wants to join the army, the new class offered in P.E. brought them one step closer to their dream. The class, called Basic Training, was offered the first nine weeks of school during third hour.

The teacher in charge of the class was Mrs. Hill. She was joined by Sergeant Garfield Duckett and Sergeant Timothy Connell. Around sixty students participated in the class. It was considered a success by all.

In the class, students were asked to perform many different skills, such as sit-ups, push-ups, and running. In these activities, the students had to meet the requirements of the Citadel. They learned to set goals for themselves. They also learned they must put all their energy into reaching those goals.

The class was not all hard work, though. Often, they played games. The games taught them to work as a team and also how to relax and have fun. These games were liked by the students as well as the teachers.

After the nine week class was completed, the students had a graduation ceremony. During this ceremony, they received certificates, and were congratulated for all their hard work and dedication.

The Basic Training class was a welcomed addition to the Granite City High School P.E. curriculum. Students and the gym teachers were extremely happy about the results of the class. Plans to have it again are already in progress. If you did not get the chance to participate in the class this year, do not worry. You will have other opportunities to do so.

YOU ARE MY HERO

The dictionary definition of the word hero is any person thought of as an ideal or model. Although people agree with the basic definition, everyone puts their own slant on it. Heroes can be parents, relatives, teachers, movie stars, sport stars, or even cartoon characters. Heroes are role models. They possess special qualities that are not found in just anyone. They give people something to strive for and help us set out goals. Heroes always teach us to look toward the future.

Heroes have special characteristics that stand out in our minds, such as athletic ability, sincerity, honesty, and a special warm personality. They have what it takes to make us feel as special as they are to us. So when Granite City High School sopho-

mores were asked about their heroes, this is what they had to say:

"My mom. She can do anything." — Katie Serrano

"Emmitt Smith. He's the best running back in football." — Ryan Haddix

"Brad Pitt. He gets all the chicks." — Derek Penrod

"My dad. He worked hard all his life, but had fun doing it." — Michael Angle

"Jesus Christ. He died on the cross so we could go to heaven." — Breann Chastain

"Oprah Winfrey. She makes a lot of money." — Mitchell Goldenberg

"Kramer. I love the hair." — John Ahlers

"Rosa Parks. She stood up for her rights." — Jamie Fields

"David Justice. He never gives up."

— Dustin Murphy

"Superman. He's super." — Jason Bryant

"My dad. He has got the job I want when I grow up." — Wallace Drennan

"Wayne the bus boy. He is my role model on the job." — Aaron Long

"My aunt and uncle. They are always there when I need someone to talk to." — Melanie England

"John Lennon. He always did what he stood for." — Megan Curran

"Ross Perot. I like his ears." — Craig Harris

"Earthworm Jim. Because he's a worm." — William Werner

"Bob Dole. He's Republican." — Jacob Kamphoefner

WHEN YOU WISH

If you had one wish, what would it be? All wishes are different and based upon the individual making it. There are many common wishes though, such as good health, happiness, success, material things, etc. These wishes seem to be those of everyone, but they are important. Whether wishing upon a star, a magic lamp, or the wishbone from the Thanksgiving Day turkey,

each wish is unique. When the sophomore class was asked what they would wish for, these were the replies given:

"I wish Elvis were alive so he could live in Granite." — Jane Signall

"I hope to be a successful veterinarian who is living life to the fullest." — Nichole Smith

"My wish is to find a cure for the AIDS virus." — Amanda

Pashea

"I hope to be successful in my life." — Robyn Slater

"To have a red Mustang sitting in my driveway would be my greatest wish." — Amanda Rodgers

"If I had one wish, it would be for world peace." — Jason Hileman

"I wish I could keep my best friend from moving away." — Dena Williams

TALK SHOWS

Many students at GCHS spend countless hours during their summer vacations watching all of those trashy daytime talk shows. Some people, especially teenagers, find those talk show hosts inviting to watch.

Jenny Jones, Ricki Lake, Monte Williams, Geraldo, Jerry Springer, Richard Bey, Tempest, Maury Povich, Sally Jesse Raphael, and of course the queen of talk shows herself, Oprah Winfrey are among those talk shows that teens just love to watch. Couch potatoes that would rather glue themselves to the boob tube than do something constructive find themselves making talk shows a part of their daily routine during the summer days.

When asked what she would like to see on talk shows, Susan Baker said, "I like lots of makeovers." Tonnie Washington also likes to see makeovers "where the young girls are taught to dress their age."

Sean Courtney didn't feel the same about makeovers, instead he said, "Lots of fights are what I like to see." Monica Widel, on the other hand, said "Forget about makeovers and fights. I want to see more guy model interviews." Amy Cox agreed with Monica Widel by saying "I want to see more hot-looking guys." Good-looking guys are a popular topic among female students, Jennifer Mosier agreed, "I like to see studs on the talk shows."

Ross Sedlacek said, "I like to see cute girl models." Katherine Thornton is not picky about her topic choice, "As long as the topics are sleazy, I like it," she says. Jamie Raub disagreed, saying, "Enough with the sleaze. I want more realistic topics." All Jan Shanafelt wants to see is "More shows on college athletes."

People have different opinions about what they want to see on talk shows. One thing is always the same, they all love to watch.

HOW EMBARRASSING

Many students have certain life experiences they remember more vividly than others. Some of these happen to turn out to be rather embarrassing.

When the sophomores were asked what was their most embarrassing moment, most were reluctant to answer because of the fear of being humiliated by their peers. Those who did cooperate basically answered the same. Amanda Rodgers said, "I was really embarrassed when I got tripped during a basketball game and fell on my face." Kim Cuvor said, "I was really humiliated when I was tripped going up the stairs and fell."

Most people think when others fall or get tripped that it is really funny, but those who go through the experience do not always seem to think the same. For one thing, just the thought of falling in front of people can make some people's faces turn red. When something embarrassing occurs, everyone laughs except the person being embarrassed.

Even after embarrassing moments are long gone, some people are still unable to forget them totally. Students seem to think that all the laughter is aimed directly at them, when actually the laughing is at what happened, not who it happened to. Everybody gets embarrassed at some moment in their life, some just happen to do it when more people are around.

CLASSIC VS. MODERN

With all the differences people have, one common bond is the love of music. No matter who you are or your ethnic background, music is a part of our lives.

Modern rock tends to be the favorite music of students here at GCHS. Korn, the Def Tones, and Marilyn Manson are a few of the hip new bands becoming very popular here at school. Along with this type of music comes the art of moshing. This consists of thrusting yourself into a huge pit of sweaty people and jumping around to the music.

Alanis Morissette, Oasis, 311, Bush, and the Urge are trendy bands that, for some reason or another, became popular. Many kids at GCHS like these groups and find them to be energetic, have a good rhythm, and just like the sound they have. However, many find these bands to be extremely annoying.

During the 1960's and 70's, classic rock was a big crowd pleaser. The Greatful Dead, Led Zepplin, The Doors, Janis Joplin and Jimmy Hendrix are a few examples of the more popular artists of this era. Classic rock has an edge to it that can not compare to today's modern music. It is both loud and quiet, soulful, extreme, and even mello. As the 60's and 70's fade further away, the music of that time becomes more popular.

Country music is another popular type of music to listen to. Garth Brooks, Shania Twain, Alan Jackson, and Vince Gill are a few of the country singers that have paved the way in music. Many teenagers enjoy and love this type of music, and enjoy country line dancing to the music.

While many people are diverse and their own person, one common bond we all share is the love for music. No matter what your musical preference is, turn it up and enjoy.

GO FOR THE GOLD

The 1996 Summer Olympics were held in Atlanta, Georgia. Many young athletes worked their entire lives for that one glorious moment to stand on that platform while millions of people watched them receive the gold and listen to the national anthem.

There are many different events to compete in at the Olympics. They range from archery to yachting. Some are more popular than others to spectators. The most popular are basketball, baseball/softball, gymnastics, soccer, swimming, track and field, and volleyball. Today, most sports are participated in by both men and women.

The Olympics lasted 17 Days. In that period of time the United States won 44 gold medals, 32 silver, and 25 bronze totalling 101 medals. The next closest was Germany with a total of 65 medals. The U.S. dominated the 1996 Summer Olympics.

There were many great moments in these games. Michael Johnson, in his gold shoes, won both the 200 and the 400 meter races. This has never been done before in Olympic history by one man. Carl Lewis tied the number of gold medals won by a single athlete at nine. The women's gymnastics team won a gold medal on Kerri Strug's courageous vault with an injured left ankle barely surpassing the Russians. The "Dream Team" won again, grossly dominating over Yugoslavia in the final game. The women's soccer team had some surprising victories and won gold.

The highlight of it all was the closing ceremonies. The flame was extinguished and all the Olympic athletes participated in a peaceful celebration.

DON'T BE AFRAID

Making the transition from being a big fish in a little pond to becoming a little fish in a big pond is often a challenge and at times can be somewhat frightening. That's exactly what it's like for an adolescent leaving the junior high scene and entering the world of high school.

"Getting lost," is one of the worries that Keri Dix and Joi McNeish share with their fellow classmates. Zachary May stated that "Going to the wrong classroom," was another fear for freshmen. However, these anxieties were made worse due to the renovation of our high school. Because of the remodeling of our facility, the newcomers did not receive the benefit of an orientation inside the school building which would allow them the opportunity to familiarize themselves with their new surroundings.

One of Andria Baxter's worse fears was "failing classes," which seemed to be on the minds of several others. As students advance to high school, the classes seem to become more challenging and the teachers more strict. As tough as it all may seem, you will find them very beneficial later on in your life.

Other concerns were "Not having anyone I knew in my lunch class," and "Getting picked on by my older sister," said Emily Worthen and Eric Wright.

However, there are those that possess the confidence Nicholas Garcia displays in his quote, "I have no fears." To those, the transition created no problems

RUSH HOUR AT GCHS

Have you ever been stuck in a big traffic jam? Your vehicle cannot move, and it seems like you have been sitting in your car forever. Depending on the time of day, this might sound like the hallways at Granite City High School.

The most obvious reason for the congestion is the renovation. We know it will one day be done, but will we survive until then? Many of the exits that used to be accessible are now blocked off. This limits your choice of walking inside or outside, and what route to take to your next class.

The enrollment at Granite City High School is approximately 2,400. This is about a 100 more students than last year walking through the hallways. Besides students, there are also teachers, administrators, and hard-hatted construction workers.

To solve the crowded hallway situation, Dennis Narveaz feels that, "the renovation should have been finished before school started." On the other hand, Matthew Pistorius thinks "they should have put all the lockers separate from the hallways where you walk." These sound good, but the renovation is here and there is no way around it.

There is no choice for now. We have to conquer the crowded hallways. To make it easier to get to class on time, Justin Jones says he, "carries all of his books to class with him." Danny Dotz responded by saying, "I don't goof around in the hallways."

The crowded hallways are going to be a day-to-day challenge for all students to get to class on time. For possibly the next few years, people who walk the halls of GCHS will have to adapt and change to make it to their destination.

SUMMER SIZZLES

Summer vacation is a time to be enjoyed by all. It's a time of freedom and fun. The days are carefree and lazy. No one is worrying about having to return to school. Teenagers do a variety of things during the summer break. Some take vacations. Others play sports. Still others just relax and spend time with their friends.

Many people take vacations during the summer. Some have a favorite vacation spot that they return to year after year. Others like to try new and exotic spots.

Sports are another big summer activity. Baseball is a favorite summer sport. Some people play, but others just like to watch. Swimming is another sport participated in during the summer months. Swimming is a wonderful way to cool off during the hot days. Other summer sports include soccer, tennis, and golf.

Relaxing and spending time with friends are two of the best parts of summer. It is the only time of year where students can stay up all night every night and sleep all day every day.

So, no matter what you do next summer, stop and appreciate just how wonderful a time summer is.

ST. LOUIS SPORTING EVENTS

St. Louis sports have been going through as many changes these past few years as our school is going through now. Not only are the teams changing but also the sports complexes where they play.

In 1995, the Rams moved to St. Louis and with them came a brand new football stadium. The Rams were very welcomed to their new home in the Trans World Dome which is now fully completed.

The Blues moved from their old worn down Arena to the brand new Kiel Center. The Blues have went through many changes. They received a new uniform design and also for a short while had the "Great One," Wayne Gretzky, playing for them.

Not only is the Kiel home to the Blues but also to the St. Louis Vipers and the St. Louis Stampede. The Vipers are a roller hockey team that is becoming very popular. The Stampede is a new sport of indoor football which is also gaining popularity.

Busch Stadium has also gone through a very big change in the last year. The field was changed from astro-turf to grass. It was a very big and successful change. The new grass has seemed to set the Cardinals in new spirits. The Cardinals are currently in first place, even though at the end of the season they will be suffering a big loss, Ozzie Smith is retiring. After spending countless years with the Cardinals, he has decided that it is time to hang up his uniform.

Also at Busch, a new section of seats has been added that hold a \$100 price tag per seat. These seats are right behind home plate. When sitting in this area, waiters serve you food so you do not have to leave the game. There is also a buffet before the game if you so desire.

No matter how many changes the teams of St. Louis have experienced, the fans have always been there to cheer them on. This makes St. Louis fans the best around. Maybe, if it keeps up like this and the fans stay supportive, one day we will get an NBA team.

SO MANY CHOICES - SO LITTLE MONEY

Fashion is one of the most important aspects in a teenagers life. While times have changed, so have styles. From saddle-oxfords to bell bottoms and hot pants to oversized jeans, fashion keeps changing and reinventing itself.

In the 1990's, fashion is basically anything goes. Teenagers can be seen sporting everything from a nice conservative button-down shirt, to leather pants and a pair of Doc Martins.

Here at Granite City High School, students can be seen wearing such looks as the preppy, alternative, punk, and casual. Where the roots of students style choices stem from is a mystery. Chances are television, magazines, models, and rock and roll stars play an important role.

As for the preppy look, that mostly consists of neutral colors, khakis, button-down shirts, basically the more conservative look. Generally most of the students at GCHS have this style.

For the rest of the student body, the alternative and casual look are the next two popular fashion choices. Spotting these looks are not hard at all. Just look for the guys and girls that look as if they have just been cut out from a current fashion magazine. These students are the ones that can be seen wearing wide jeans, chunky healed shoes, over sized shirts, bright colors, and anything that looks like it came from the 1970's. This look is not suitable for all teenagers, but it is the basic fashion theme for generation next.

Last but certainly not least is punk. This is definitely the most unique and creative of all the fashion types. Combat boots, military surplus wear, hard core music groups t-shirts, cut-off pants and long underwear are the basic gear for punk. Also, a necessity for this look is different shades of hair, such as blue, green, purple, yellow, pink, and even rainbow.

Most teenagers would never dare go to this extreme for fashion. As for the ones that do, these are the people who are not afraid to be an individual and not fit in with the stereotypical look of today's society.

Fashion today is at its liberating peak. Whether your style is preppy, alternative, or punk, there is not a wrong fashion choice to be made. The secret to good fashion is to choose what you like and what you feel comfortable wearing, and not worrying about anyone else's opinion.

CARTOON FAVORITES

Everybody loves a good cartoon. Whether you like to admit it or not, those little characters on T.V. can make you laugh till your stomach hurts. Some are fat, small, tall, or skinny. Others can be cute, ugly, or scary. All cartoon characters have their own personality.

Have you ever wanted to be a cartoon character? As silly as that may sound you could really have a lot of fun being an animation. After all, you could have super-powers, incredible strength, or an I.Q. of 200.

Here are some comments from the

freshman class on who their favorite cartoon character is and why they would enjoy being like them:

"I like Donald Duck because he is grouchy like me." — Justin Sparks

"Tinkerbell because she has an attitude." — Kathryn Ronk

"Stimpy would be my favorite because he has a cool voice." — Justin Fernandez

"I like Earthworm Jim because he has cool weapons." — Andrew Ravanelli

"Winnie the Pooh because he is cute and has cute friends." — Sarah

Gauvin

"Wile E. Coyote is my favorite because he is wild and adventurous like me." — Harry Painter

"I like Piglet because he has cute ears." — Erica Todd

"Droopy the Dog because he is calm, cool, and tough like me." — Kyle Bridges

"He-Man is my favorite cartoon character because he is buff." — Shawn Rae

"Spiderwoman because Spiderman is cute." — Kasey Baum

BOARD OFFICE ADMINISTRATIVE STAFF

PRINCIPAL R. WILLIAM ROTTER

Every year people are recognized for great achievements. Often these people are athletes and great scholars. Sometimes they are just genuinely caring and responsible. Mr. R. William Rotter is one of these people. This was his second year as principal of Granite City High School.

He was born in Alton, Illinois. He graduated from high school in 1963. He completed his undergraduate studies at Saint Louis University and received a Bachelor of Science in math in 1967. He then did his graduate studies at Southern Illinois University at Edwardsville and received his Masters degree in education & administration.

Mr. Rotter's family provides much support and encouragement. His wife Mary helps him get through the more difficult areas of administration. He has one son, Michael, and two daughters, Laura and Erin. His children and wife definitely have helped Mr. Rotter make it through his second year as principal.

Mr. R. William Rotter taught school for 25 years at Granite City High School. He later became part of the administration as assistant principal, and he held this job for three years. Now he has the top responsibility as principal of one of the largest schools in the state of Illinois.

Mr. Rotter is a visible principal. He can be seen strolling through the halls, eating lunch in the cafeteria, speaking to teachers in classrooms, walking around the gym, and monitoring the parking lot. He also takes time out of his busy schedule to stop and talk to students in the halls in between classes.

Mr. Rotter's position is not an easy one. It is his responsibility to keep everything running smoothly. Even though this is his second year as principal, he has managed to keep order and discipline at our school. We all wish Mr. Rotter many more years of success as our fearless leader.

JERRY McKECHAN

ONE VICE PRINCIPAL — FOUR ASSISTANTS

JERRY McKECHAN is the vice principal-athletic director at GCHS. This is his second year as vice principal. Before this he was an assistant principal for six years. He is in charge of all athletic programs, clubs, and organizations. He is second in command to Mr. Rotter and deals with discipline students only when needed. In addition to this, he oversees May Carousel, Homecoming, and all tournaments at GCHS. He says, "It is pretty hectic around the office but every day is fun and different. I start early and always end up staying late."

ALLEN KENNERLY is one of the assistant principals at GHCS. He has been an assistant principal for 18 years. His job puts him in charge of progress reports, student records, report cards, all student obligations, registration, and the coordinating of high school graduation as well as summer school graduation. He says that his favorite part of his job is dealing with the public and graduation. I really like seeing the students walk across the stage and watching them move on.

STEVE HAMILTON is the assistant principal in charge of discipline at GCHS. He has been an assistant principal for two years. He sees the students whose last names begin with the letters A thru L. In addition to this he helps the other assistant principals in coordinating all the drug searches. He also has a hand in all after school detentions and all Saturday detentions. He says, "My favorite part of my job would be getting to meet all the students and learning a little bit about them."

CINDY GAGICH is the assistant principal at GCHS who is in charge of the curriculum - vocational special needs. This is her second year as an assistant principal. She is the vocational director for the Industrial, Business, and Home Economics departments. She also oversees off campus co-ops. Programs such as Job Shadowing and Career Fair are supervised by her as well. Her favorite part of her job is, "It changes every day and I have the opportunity to work with a wide variety of people in different programs."

DEBBIE WILKERSON is an assistant principal at GCHS who is mainly in charge of discipline. This is her first year as an assistant principal. She deals with the students whose last names begin with the letters M thru Z. Along with discipline she deals with teacher evaluations and the Warrior students handbook. Her goal is to help make GCHS a safer environment for the students and staff. When asked what her favorite part of her job is, she replied, "I like working with this particular age group of students, that's why I came back."

SPOTLIGHT TEACHER DAVID AMES

CIRCLE THE WAGONS

Amy's spotlight teacher for the 1996-1997 school year is Mr. David Ames. He has been a high school teacher in Granite City for 27 years. Mr. Ames teaches Foreign Policy/Current Events and World History. He has taught American History and English in the past. He taught English for three years in the mid-1980's. Reflecting on his career, Mr. Ames says, "I enjoy teaching because the students keep me young and I feel like I have something I can give back to them more than just history or a book education."

Mr. Ames received his Bachelor's Degree in education from Illinois State University. He received his Master's Degree in education with a history concentration from Southern Illinois University at Edwardsville. He and wife Linda, also a teacher, share a common interest in history and education.

Soccer is one of Mr. Ames' greatest loves. He is the assistant varsity coach for the boys soccer team at G.C.H.S. He is also the head coach for the girls varsity team at O'Fallon High School.

Mr. Ames' children are an important part of his life. He has three daughters, Kim, age 28; Tammy, age 27; and Lea, age 20.

Mr. Ames allows his classes to speak their minds, while making sure they are learning their material. His Foreign Policy/Current Events classes spend many hours of class time discussing and debating current issues. His calm, laid-back attitude is one of the qualities that makes Mr. Ames a great teacher. He is a wonderful asset to the teaching staff, and he is appreciated by students and faculty alike.

THE WORKING STAFF OF G.C.H.S.

The MONITORS are here to assure the students of a safe, orderly day while attending school. Each section of our campus is under surveillance by one of the monitors. They all carry walkie-talkies in order to stay informed of other campus happenings. These devices are helpful when assistance is needed quickly. They help prevent fights, tardiness, truancy, smoking, and other infringements of the school rules. The monitors are also there when we have a sweep of our hallways. These sweeps are done in order to cut down on the number of tardy students. The dedication and devotion of these adults is appreciated by everyone.

A few select students attending school require special assistance. Some need help getting on and off the bus, going to and from their classrooms, or with certain elements of their schoolwork. These students receive help from the AIDES at this high school. These fine adults display a unique characteristic. They hardly ever complain, and in fact they enjoy their work. These special staff members try to keep a strong friendship with their students, and try their best to make them feel good about themselves.

Running late and forgot to pack a lunch? Don't worry the CAFETERIA ladies have got you covered. Run out of the house without breakfast? These ladies, who get here before dawn, can take care of that too. A great deal of work goes into preparing two meals a day for nearly 2500 students plus some faculty members. As if preparing the food isn't hard enough, there is still the jobs of collecting money, serving the food, and washing the dishes. Of course all this work isn't done by one solitary lady. There is a whole crew of ladies that devote their time to our lunch periods. The lead lady is Debbie Fisher.

Have you ever thought about how much work the SECRETARIES do? There are many countless hours of work that include typing, keeping records and files on important information, answering the telephones, taking messages, and just trying to stay organized.

Secretaries arrive at 7:30 A.M. and are usually the last ones to leave the building in the afternoon. They assist students, faculty members, and the administration. They always work very hard to insure that our school days run smoothly.

Mops and brooms are just some of the many cleaning tools that the CUSTODIANS use to make our school environment clean. They keep the school building, cafeteria, and gym clean during school and for extra-curricular activities.

They are always very busy. Everytime something needs to be repaired or found, someone on the P.A. is calling for a custodian. There are two shifts of workers. The morning shift comes in before school, and leaves when school is dismissed. The evening shift comes in right before the morning shift leaves, and they work into the night.

The lead man is David Kessler. He makes sure everything runs smoothly throughout the day and evening.

DAYS TO REMEMBER

STUDENTS HELPING STUDENTS

A.L.P.H.A. Adolescents Learning Positive Health Alternatives. A selected group of upperclass students are chosen to be role models for the freshman class. ALPHA is a nine week program which is taught in the freshman health classes every Friday. Many issues are discussed, such as alcohol, drugs, stress, decision making, peer pressure, gangs, and relationships. Not only are students lectured, they are able to discuss their ideas with the peer leaders. The peer leaders teach the freshman to make the right decisions in difficult situations. Students learn what's right from what's wrong. They also learn how to deal with the peer pressure that faces teenagers today.

The classes are not only very educational but they are very exciting. Students play games and participate in activities to make the atmosphere more enjoyable.

The ALPHA sponsors are Mr. Michael Johnson, Mr. David Weller, and Miss Ramona Benkert. Each year the sponsors take the new peer leaders to a training retreat in Marion, IL. At this retreat students spend two days in seminars to prepare them for their own classroom. The peer leaders are given training and ideas to make their classroom program as successful as possible.

The ALPHA program is a good learning experience for both the students and the peer leaders. It teaches the leaders responsibility. Also, they learn to answer appropriately to difficult questions in pressure situations. The freshman learn that they always have someone older to talk to if they have a problem. It is agreed that ALPHA is a positive learning experience for all who are involved.

ALLOW ME TO RETORT

When people think of competition, sports like football and soccer generally come to mind. Here at GCHS, however, one of the most competitive teams is the debate team.

This year's debate team has trained hard each and every day during fourth hour in order to prepare for competitions held over the weekend. The team has had an outstanding legacy of debating excellence. This year's varsity debaters were Captain Amanda Solomon, Brad Jacob Neidhardt, Tarra Falter, Craig Murphy and Brian Griffith. Mrs. Beverley Scroggins has enjoyed coaching this highly skilled team for the second consecutive year.

"I expect this debate team to have a great year. At our first tournament we had the varsity and junior varsity champions, and we took both second and third places. This will be a super year," commented Mrs. Scroggins.

Captain Amanda Solomon is also very optimistic about the debate team: "Most people don't think of debate as a real competitive high school event. However, they would be surprised to know that Granite has always had one of the best teams in the state."

The SPEECH AND THEATRE club is for all students involved with debate, individual events, and the acting classes. It is also for students who are interested in learning more about the theatre.

The Speech and Theatre club meets regularly and takes numerous trips throughout the school year to various plays and stage productions. This year the club attended a performance of the musical MISS SLAGON at the Fox Theatre.

In order to be a voting member of the club and have any say in club matters, points must be accumulated by being involved with National Forensics or National Thespians. They earn these points by either debating or acting in school plays.

The officers of the Speech and Theatre club are president, Sarah Fielding; secretary, Amanda Solomon; vice president, Steve Mathes; and treasurer, Amy Pennell. Mrs. Scroggins is the sponsor of this club as well.

"Speech and Theatre is a club that brings debate, individual events and the acting classes into one group with common interests: it's an umbrella club," said Mrs. Scroggins. "The club attempts to see as much theatre as possible throughout the year."

Speech and Theatre caters to the interests of students involved in debate, individual events, and acting. The club is involved with all aspects of the three groups, and meets the needs of the students well.

SPEAKERS OF THE HOUSE

The I.E. class at GCHS is full of students who enjoy public speaking and acting. Every day during fifth hour, the class, taught by Mrs. Beverley Scroggins, meets and practices various speeches and scenes from selected plays for competition and tournaments.

The initials "I.E." stand for "individual events." Participants in the class compete in thirteen of these events: humorous duet acting, dramatic duet acting, original comedy, impromptu, expository, oratory, prose, verse, humorous interpretation, dramatic interpretation, special occasion, radio and declamation.

The varsity members of the I.E. team include Jacquelin Stille, Kate Jacobs, Jeremy Gutierrez, Steve Mathes, Sarah Fielding, Sarah Johnson, Danny Dixon, Amy Pennell, Ryan Moenster and Patrick Fyalka. The senior co-captains are Steve Mathes and Kate Jacobs.

Mrs. Beverley Scroggins, who is also sponsor of the I.E. team, was very optimistic for this year's team. "We've won the regional tournament the past two years, and hopefully we'll win it again this year. We have a very young team, so anything is possible." The varsity members were asked to share some of their thoughts about this unique class. They are as follows:

"I.E. is one of the best experiences of my high school career. Thanks to Mrs. Scroggins and I.E., I've made many great friends and learned a lot."—Steve Mathes

"I have been on the I.E. team since my freshman year, and I have learned many things from being in plays, competing in tournaments, and from Mrs. Scroggins. If it wasn't for the team, I wouldn't be able to stand up in front of anyone or do anything publicly. It has helped my speaking skills and my confidence tremendously."—Kate Jacobs

"This is somewhat of a rebuilding year for the I.E. team. We have a very young group of students who are very talented in their own right, and hopefully through the guidance of the varsity members these young students will grow to be a well rounded, highly skilled team."—Jeremy Gutierrez

"There's so much to learn about people that you really get to know them as a team, and that's the effort that counts."—Sarah Fielding

"Since I'm planning to major in drama and Mrs. Scroggins is very helpful and supportive, I really have fun and learn a lot in here."—Sarah Johnson

"This I.E. is a lot of fun, but it's also hard work. It's gratifying when you do well."—Ryan Moenster

"Individual Events is swell and fun. I've made swell new pals, and learned some groovy stuff."—Danny Dixon

"I love I.E. It's like one big, happy family. It has been a very rewarding experience, and I look forward to another two years in here."—Amy Pennell

LENDING A HELPING HAND

Teenagers are often faced with many problems and situations dealing with stress and pressure during their high school years. Often, students cannot deal with these problems alone. With the help of a friend, the problems may seem smaller and easier to solve.

Empathy is a peer-helper program full of friends coming together to solve problems. Members of Empathy are there to give the other high school students advice on combating drugs and any other problems students may face while in high school.

The members of Empathy are a group of students who are trained to help others. Training provides the members with skills and knowledge to make them more effective as listeners. The members learn to understand their own feelings as well as the feelings of others. Empathy is a very close group. They are always there for each other and are given the opportunities to provide help and support for their classmates.

Empathy is sponsored by the guidance counselors Ms. Ramona Benkert and Mr. Michael Johnson. Mr. Johnson has been a sponsor of Empathy since the club's first year in 1987. This is Ms. Benkert's first year as both a Counselor and a sponsor of Empathy. These two sponsors are always eager to help and offer any advice that they can.

The requirements of belonging to Empathy are that the students must keep their grades up, attend school regularly, and stay out of trouble. They must promise to be drug and alcohol free and respect the privacy of others.

Every year all students in Empathy go on a retreat. This retreat is usually held in Pickneyville, Illinois, at Camp Salbateska. At this retreat they receive further training on skills used to help others. Also, the students get a chance to meet Empathy members from other schools. The retreat also gives the Empathy members time to really get to know each other and form ever-lasting friendships.

Empathy is here to help others with decision making, coping with peer pressure, and to make the high school better for everyone. Empathy gives every student a chance to have someone who is always ready to listen and offer any advice needed.

2

OUR ENVIRONMENT

The Environment Club is one of the more active clubs at the high school. The club does many things around our school and community to keep our part of the world more enjoyable and beautiful.

The two sponsors of this club are Richard Skirball, who is a guidance counselor, and Lois Dumey who is a science teacher. The officers for the 96-97 school year are President Amanda Solomon; Vice President, Rachel Kulasza; Treasurer, Melanie Gensert; and Secretary, Andrea Poiter.

As the years pass, the Environmental Club becomes more active to help save our earth. This year they plan to participate in many activities. Their major project that they undertake each year is recycling paper. Last year they recycled 17,970 pounds of paper. This is equivalent to saving 1,057 trees from being cut.

Other projects that the club participates in are the Treehouse Foundation, Outdoor Classroom, Stash the Trash and their homecoming parade float. Last year, they donated and will continue to take care of the tree that was dedicated to former assistant principal, Linda Green.

There are many new projects that the Environmental Club would like to undertake this year. One of the projects is cleaning and planting new flowers in the area in front of Memorial Gymnasium as a spring work project. They also plan to redo the landscaping around the flagpole in the front of the school.

The Environment Club sells tee-shirts each year to help raise funds for their activities and field trips that take place throughout the year. This club also buys educational video tapes for the Science Department. Previous places visited by the club as field trips were the Busch Wildlife Center and Tyson Research Center & Wolf Sanctuary.

The club invites anyone who is interested in preserving our world to join. They hope that you will make your contribution to keep our earth a more pleasant place to live.

THE FELLOWSHIP

The Fellowship of Christian Athletes is a club which is different than most of the clubs at the high school. The club's main focus is solving different problems. The problems many of us are likely to face during our school years, and FCA tries to solve these problems in a Christian way. The club members of FCA gather into a huddle at each meeting to discuss different topics. Granite City's huddle is just one of many that can be found all over the United States in high schools, colleges, and middle schools. Our huddle is part of the Branch Rickey Chapter which is made up of all of the groups in the St. Louis area.

The officers for the 96-97 school year are President, Andrew Harris; Vice President, Steven Elliot; and Secretary/Treasurer, Melanie England.

FCA meets every other Monday at one of the members homes. At meetings they discuss many different topics. Some are sports related and others are not. When discussing these topics, passages are read from the Bible. From these passages, members understand the solution to their problem from a Christian view point.

Some of the activities which FCA will be participating in this year are Thanksgiving baskets for the needy, Christmas caroling, and gym nights. Every year there is a Kickoff Banquet held at Fischer's in Belleville. All of the huddles in the St. Louis area are represented. There are other activities which are sponsored by the Branch Rickey Chapter each year. The Holiday Rally is held at a local high school around Christmas. Three conferences are held at different times during the year. Both the boys and the girls conferences are held in the spring. The final one is the Huddle Leadership Conference which is attended each year by the officers of each huddle. All three of these are weekend trips held in Cuba, Missouri.

FCA is a nondenominational organization which centers its discussions around God and His part in our daily lives. They welcome anyone who is interested in joining and those who are just curious.

GRACIAS / DANKA

Foreign Language Club was established for students who are interested in learning about foreign cultures and customs. Spanish and German are the two foreign language classes that are taught here at Granite City High School. Mr. Church, Mrs. Larsen, and Ms. Williams are the Spanish teachers. Mrs. Schardan is the German teacher.

The sponsor of the club is Mr. Church. He has been the sponsor for ten years. The officers that assist Mr. Church are President Anthony Evans, Vice President Sung Hee Suh, Secretary Shelene Scarborough, and Treasurer Andrea Poiter.

The club participated in many activities this year. At the beginning of the year the club sold Christmas gifts and decorations to raise money for the club. They used this money to buy A.V. equipment for the Foreign Language Department. The club also participated in Immersion Day. Immersion Day is a day when the students must speak Spanish, and are not allowed to speak English. Students enjoy this day because they can use the Spanish they have learned. The club went on a field trip in December to hear Australian music. In the month of March the club promoted Foreign Language Week.

This is one of the few clubs at the high school which teaches its members about cultures and societies that differ from ours. Not only do these students learn, but they also inform the student body about these things.

FUTURE PROFESSIONALS

The FUTURE HEALTH & MEDICAL OCCUPATIONS CLUB is open to students who are interested in nursing or related medical professions. Primarily, the club helps teenagers learn how to perform basic life saving procedures that can help them in the future. They also have speakers come and talk about different occupations in the medical field.

The sponsor of the club is Mrs. June Oney. She helps members learn more about nursing and medicine. Her students and her student's futures are her first priority.

The president of the club is Jacquelin Stille. "The Future Medical and Health Occupations Club is very exciting and educational. We take a variety of field trips and we learn new things. We also have a great time getting familiar with the medical aspects of life," stated Jacquelin.

Every year club members go on several field trips. To raise money for the trips, the students sell candy and buttons during Homecoming Week.

If nursing or medicine is the kind of profession that you would like to pursue in the future, the Future Health and Medical Occupations Club is the club to join.

The FUTURE SECRETARY ASSOCIATION is an organization for students that are interested in pursuing a career in the secretarial field. This organization is not just about the tasks that secretaries perform, it also helps students learn how to present themselves and to be organized and successful in the business world.

Every third Monday of the month the organization has a meeting. They have many different guest speakers help prepare the members for interviews, future job situations, and self-defense techniques.

If you want to learn how to be a success and at the same time meet new people and make new friends, then this is the club for you. The sponsors are Linda Haddox and Georganne Georgeff. The president is Kate Jacobs, vice president Jamie Wood, and treasurer Holly Pasco.

TEACHER'S PET

The Future Educators of America Club is a fairly new club at Granite City High School. This is the third year for the club. Mrs. Mary Dame and Ms. Denise Albrecht are the sponsors of the club. The students that are in this club want to learn about new teaching methods and the skills that it requires to be a teacher.

The officers elected this year were President Salina Morlen, Vice President Shelly Leach, Secretary Tarra Falter, Treasurer Amanda Supp, and Historian Kelly Pieper. The officers hold their meetings on the first Wednesday of every month. The club has approximately thirty members. All of the members are expected to participate in the club activities.

The main objective of the Future Educators Club is teaching Business Basics. One day for one hour a week, members go to an elementary school to teach a basic economic unit to a class. Members go to kindergarten through fourth grade classes. All the members look forward to visiting the students and showing them new information.

The sponsors contact speakers to come and inform the club of different opportunities in the teaching field. Several speakers came to meetings during the year. They were very informative and helped members make decisions about their futures.

Another project the group takes part in is supplying children who have parents in jail Christmas presents. Each member brings a present they bought themselves and the club distributes the presents to the children. The students plan on having a pizza party as a reward for their hard work.

If you think you would like a career in teaching, then joining the Future Educators of America Club would give you a head start in your future employment.

ADVANCED JOURNALISM

Sporting events, school dances, renovations, students of the month, band concerts, field trips, prom, graduation. With so much going on at GCHS, it can often be hard to keep up with current events. Thankfully, GCHS has its very own publication to keep its students up to par with all the latest happenings; the Granite High World.

Every day the Granite High World staff works diligently in order to create a newspaper that looks correct and reads professionally. Advanced Journalism students research topics, conduct interviews, take photographs, and write stories that are relevant to the student body.

In addition to the standard news and sports sections, the Granite High World also includes Opinion and Feature articles, in which students present information on everything from recent school improvements to censorship. These sections also frequently include concerts, horoscopes, letters to the editors, reviews, and present letters to the editors, reviews, and present profiles on individual students at GCHS. The traditional Senior Edition always contains the classic "Senior Will & Testament" and stories focusing on the graduating students. In addition, the Granite High World includes Cub Editions, produced by the beginning journalism class.

Advanced Journalism is a class which demands a variety of skills. The students must write stories and take photographs, then transcribe their work to computers, using the GCHS print shop to create "Half Tones" of the photographs.

The co-editors of the 96-97 Granite High World staff were Amanda Crabtree and Danielle Stern. Mr. Antonio Betancourt has advised the paper for more than 10 years.

Advanced Journalism is not an easy course, but the completion of a newspaper is very rewarding when students create something which can inform and entertain so many.

STARS ON ICE

A new sport with rising popularity at Granite City High School is hockey. More fans are attending the games, more players are trying out for the teams, and the hockey club is growing larger.

This year's hockey teams have new coaches. The new Varsity coach this year is Mike Scannell. The new Junior Varsity coaches this year are David Young and Gary Brown. The cheerleader coaches this year are Karen DeCourcy and Susie Scannell. The sponsor for the Hockey Club is Ms. Donna Lobdell. This is her third year as the sponsor of the club.

The Hockey Club holds many fund raisers to support the team and the club. The club holds a chicken and beverage dance and they also sold tacos.

The individuals in charge of the many aspects of hockey put in many hours of their time to make the program a success. The team was dominant in their division, the cheerleaders were some of the best in the area, and the club was a major source of support for the team. Because of the accomplishments of the members of the hockey program, it has become a popular attraction, both to participants and fans.

11

OUR SCHOLARS

The National Honor Society is an honorary club for students who excel in academics and community service. This organization has four main qualities that they look for in their members. These qualities are scholarship, leadership, junior or senior students must maintain a 4.25 grade point average and be willing to participate in activities, which not only benefit the school but also the community.

The sponsors of the National Honor Society are Mary Perdue-Tapp and Andrew Yurko. The officers for this year are Co-Presidents Sangeeta Kumar and Amanda Solomon, Vice President Cynthia Gorka, Secretary Susan Light, and Treasurer Valerie Henson. The sponsors and the officers plan many activities throughout the year for the members, that prove not only to be fun but rewarding. NHS works with many great organizations such as the American Cancer Society, the United Way, and the H.O.M.E. Foundation. Many of the fun filled activities in which the club is involved in are the D.A.R.E. Drug Free by 2000 festival, spooking people in the "Haunted Barn" at Relleke's Farm, and working for the American Cancer Society in a "Jail-N-Bail."

Collecting money for the United Way is a mandatory project for members of NHS. Another of the clubs biggest causes in which it takes pride in helping is the H.O.M.E Foundation. The members help renovate an old house so that a less fortunate family may live there and pay rent, which goes into an escrow account, until they have saved enough to pay a down payment on a house of their own. The organization also sponsors a foster child, Abraham, from the Dominican Republic. Each month money is collected from the members and it is then sent to Abraham and his community.

National Honor Society is a great organization which not only benefits our school, but also the community. They volunteer their free time to help others.

MIGHTY PEN & CONQUERING CAMERA

QUILL AND SCROLL is an honorary club for high school journalists. The requirements to become a member of the club are for students to be ranked in the top one-third of their class, be an active member of the Warrior yearbook staff or High World newspaper staff, and have a recommendation from the advisor.

The club was established on April 10, 1926 to encourage and reward individual achievements in the field of journalism. Funds for field trips are raised through various fundraisers and High World sales. This year the club took a field trip to the Concordia Publishing House and Fox Theatre.

The club sponsor is Mr. Antonio Betancourt. The officers for this school year are President Danielle Stern, Vice President Lisa Dillard, and Secretary Patrick Mullen.

The PHOTOGRAPHY CLUB is for students showing an interest in photography. Traditionally, the club sells carnations for the holidays. The carnations are sold for Halloween, Christmas, Valentines Day, and St. Patrick's Day. The money earned from the sales goes toward film and camera equipment for school.

The club sponsor is D.P. Spudich. The officers for the 1996-1997 school year are President Amelia Tapp, Vice Presidents Jessica Harris and Melanie Gensert, Secretary Courtney Blind, and Treasurer Kathryn Cooper.

SHOW YOUR SCHOOL SPIRIT

Here at Granite City High School, there are many clubs and activities to participate in. One of the more popular clubs, Red Peppers, is geared toward promoting school and community spirit. Members range from 9th to 12th graders.

Throughout the year, Red Peppers are involved in many projects to help GCHS. They make the hoops the athletes jump through at the beginning of all soccer, basketball, and volleyball events. Red Peppers also have secret pals for the senior athletes. This involves decorating their designated pal's locker, and uplifting the athletes spirit by sending them candy and gifts. Also, they sell candy and other seasonal items to raise money for many community organizations.

Two of the main groups the Red Peppers assist are the Animal Protection Agency and the Womans Crisis Center. The A.P.A. helps homeless and battered animals, and the W.C.C. helps abused women of Granite City.

This has been Janet Williams' tenth year sponsoring the Red Peppers. This club has always attracted a fairly large crowd; this year there are 114 members. Officers for the Red Peppers during the 1996-1997 school year are President Laura Crites, Vice-President Katie Curan, Treasurer Leanna Struberg, and Secretary Amy Cox.

While your education is the most important aspect of your academic career, so is school spirit. All students are urged to participate in Red Peppers and show their pride for Granite City High School.

FIGHTING DRUNK DRIVING

S.A.D.D., which stands for students against drunk driving, is one of the most important clubs here at GCHS. Driving under the influence of drugs and alcohol is one of the leading causes of teenage deaths in America.

Students in the S.A.D.D. program go out of their way to promote safe driving for fellow Granite High members. During October they sell carnations for red ribbon week. During red ribbon week they attempt to make students aware of the dangers of drugs and alcohol.

Also, during October, the S.A.D.D. members had a float in the homecoming parade. Their float promoted safe driving and school spirit.

During the spring, the S.A.D.D. club goes to a conference in Collinsville. At the conference, the club members learn about the effects of drinking and driving. They also are able to drive a simulator that seems as if the driver is drunk.

In the years past, the S.A.D.D. club has been rather small. However, this year the amount of members has gone from fifteen to sixty. The large number of club members proves students here at GCHS are concerned for their friends and their personal safety.

S.A.D.D. officers for the "96-97" school year are President Anthony Evans, Vice-President Valerie Henson, and Secretary/Treasurer Amy Goodrich.

Sponsors for the S.A.D.D. program are Gary Storm and Bruce Frank. The sponsors and club members encourage students that are interested in the S.A.D.D. program to contact one of the sponsors.

TWO ELITE CLUBS

The SCHOLAR BOWL team is made up of students chosen to represent the Granite City High School students with above average intelligence. They compete in areas such as science, mathematics, history, and literature. The members of the team work hard to participate each year.

The Scholar Bowl team is made up of two squads: a varsity and junior varsity. They compete and practice separately. The junior varsity team is made up of freshmen, sophomores, and juniors. The varsity team is made up of juniors and seniors.

The captains of the varsity team are Chad Kleindorfer and Brenda Fritzsche. The junior varsity captains are Jeffrey Ahlers and Cory Simpson.

The coaches of the club are Mrs. Amy Alsop and Mr. Tim Wilson. They work hard to prepare the students for competitions. Mr. Wilson and Mrs. Alsop have taught the students to be proud of the team and it's accomplishments.

The YOUNG AUTHORS CLUB at GCHS is a club where students can express their writing capabilities. The club is made up of young and enthusiastic writers who enjoy sharing their literary works with each other and the school.

The president of the club is Jeff Stowell. The members of the club write weekly essays. The essays are then edited and put in "The Student Voice." "The Student Voice" is a book that is put together by the club members. It consists of poetry, prose, and essays. Students that are not in the club can submit literature pieces to be in "The Student Voice."

The sponsors for the club are Ms. Laura Sullivan and Mr. Ed Whittleman. This is Ms. Sullivan's first year as a sponsor for the club. Ms. Sullivan says that she enjoys working with the members. She also has the responsibility of helping them with their club activities.

This club should be congratulated for their hard work and devotion. Publishing "The Student Voice" is a difficult task and is something that they should be proud of.

6

5

7

SAUSAGE AND CHEESE

One of the more environmentally conscious clubs at our school is the Science Club. It is also one of the largest and most active at GCHS. The club this year consists of around three hundred and fifty members. The members are involved in many activities over the course of the year. These activities not only benefit the environment, but also the students.

The sponsor, Mrs. Amy Heath, has taken the time to show that she cares about the world and those growing up in it. She has done a wonderful job for the past three years. This year she will be helped by the newly elected 1996-1997 Officers: Jaime Mertz, President; Jeffrey Klee, Junior Vice President; Stephanie Ambuehl, Sophomore Vice President; Amanda Solomon, Secretary; Tarra Falter, Treasurer; Vincent Willaredt, Historian.

Membership consists of students who are in a science class that want to be involved in the many great activities in which the club participates. Students have to pay a one dollar dues to be a member. The club also rewards those who are more active by rewarding activity points. The more activity points a member has, they have a better chance of going on field trips or outings, since only a certain number of members are allowed to go.

The Science Club kicks off their year by working in the Haunted Barn at Relleke's Farm in October. The club also builds a float each year for the Homecoming Parade. They won first place for the float they built in 1995. There is only one fund raiser the Science Club has: the sale of sausage and cheese in November. Eagle watching during the end of winter at Pere Marquette is also another event members participate in. The club also helps out Mitchell School at their science fair. Since this activity is usually around Halloween, members dress up in costumes and help the younger children with science experiments and activities. The club also helps Mr. Pinnell at the outdoor classroom at Lake School.

Aside from all these beneficial activities, there are many fun things the club does. The club goes on a hayride at Mills Apple Farm, they go on a winter hike in March, and they end the year by going on a camp-out in May.

LEARNING ABOUT GOVERNMENT

With one year under his belt as the new sponsor of the Social Studies/Foreign Policy Club, Mr. Jim Lombardi started the 1996-97 school year with many goals and expectations. This year the officers are President Jessica Mefford, Vice President Sarah Fielding, Secretary Sarah Signall, and Treasurer Joseph Herman. There are approximately sixty-five club members this year. Meetings are held the second Tuesday of every month.

Traditionally, the club sells citrus fruit. This year the money raised from the sales of fruit is going towards a trip during Spring Break.

In addition to the annual fruit fund raiser, Mr. Lombardi has many other activities planned for the club members. One event planned is the Mock Election. Three club members will give speeches for each of three presidential candidates. The speeches will be broadcast in place of Channel One on election day, November fifth. Patrick Mullen will represent Ross Perot, Crystal Brown will speak on behalf of Bill Clinton, and campaigning for Bob Dole will be Sarah Fielding. Election day, club members will man the poles during lunch hours. Students, administration and faculty are eligible to vote after producing their provided registration cards.

Mr. Lombardi said, "As a major goal for the Social Studies Club it is my intention as a sponsor to take the members on several trips this spring that will teach students how and why public institutions in our society operate."

Through the citrus fruit sales, Mock Election, and educational trips this spring, Mr. Lombardi will surely make the club much fun for all involved.

2

OUR ELECTED LEADERS

Every day during 4-1, the Granite City Student Council meets to make plans for activities that will benefit our school and community. They help plan the homecoming parade and dance. During Homecoming, they help plan the days of the week such as 60's, 70's, and 80's day and the "come as you are" day. The prom is also a large event planned by the student council.

Besides the Prom and Homecoming festivities, they also organize committees for different projects such as: Holiday Harvest at Rellekes pumpkin farm, Christmas and Thanksgiving baskets, Valentines Day cookies and Bar-B-Que's.

The members of Student Council are elected by the GCHS student body and each grade is represented. To be eligible for membership, students must keep a 3.5 grade point average, uphold good leadership skills, and be willing to work hard to improve our school and our community.

Student Council is sponsored by Mrs. Linda Ames. She is helped by president Amanda Crabtree and vice presidents Elizabeth McKechan and Christy Gilmore.

When asked how they feel about Student Council, the officers replied accordingly. Amanda Crabtree said, "We have really tried to make this year exciting for everyone. I think that more students and teachers were involved in the activities this year than in past years, and that makes it so much more fun". Elizabeth McKechan said, "For the four years that I've been in Student Council, it gets more fun every year. We've done a lot of great projects, and it's fun getting to know all the people". Christy Gilmore said, "Student Council is a great club to be a part of. It has made my last three years fun and memorable."

The hard work and dedication of the Student Council representatives help make the school year a success for the entire student body.

GCHS ATHLETES

Varsity Club is a group of Granite City High School students who have earned a varsity letter. In addition to receiving a varsity letter, they must maintain a 3.0 grade point average.

The club sponsor, Tim Moran, is in his fourth year with the club. To help him run the club smoothly, he has assistance from the officers. The 1996-97 officers are: Amelia Tapp, President; Tonna Druhe, Vice President; Rebecca Bargiel, Secretary; Paul Williams, Treasurer.

The club participates in many fundraising activities. In October, they worked at the Relleke Holiday Harvest. They sponsor a Donkey Basketball Game played by faculty vs. Varsity Club and Student Council.

Again this year, the club held a lock-in at the Y.M.C.A. Games and foods were enjoyed by all. Sports Day at the grade schools was assisted by workers provided by the club.

Besides having a great time, the club members are a major asset to the school and the community.

INDUSTRIOUS STUDENTS

V.I.C.A., Vocational Industrial Clubs of America, is one of the hardest working clubs at the high school. V. I. C. A. is sponsored by Donald Kimbrell. The fifty to sixty members of this club gather during 4-2 to organize their future activities.

V.I.C.A. is available to high school students who are enrolled in a trade, industrial, technical, or health occupations courses. There are many trades including graphic arts, electronics, auto mechanics, welding, machine shop, building trades, and drafting.

At the beginning of the year, officers are elected. The president is Chet Fine. Other officers include David Parker, vice president; Christopher Ray, secretary; Steven Fowler, treasurer; Aaron Brown, assistant treasurer; and Jose Brackins, historian. The advisor is Donald Kimbrell.

This year V.I.C.A. placed first in the homecoming parade float contest. Their float consisted of a warrior football player kicking a tiger, which was made of paper mache and chicken wire, through the uprights. They received one hundred dollars in prize money which they gave to the Christmas basket fund.

During the year, V.I.C.A. members prepare for the chance to participate in state competition. First, they have to take a written test on the trade that they are in. If they score high enough, they qualify for the state tests, which are all hands-on in the trade the member is in. The students have a couple of months to better their hands-on skills for the state test. After months of hard work, the members that qualified travel to Springfield in April. Here they take the test and see how well they place.

V.I.C.A. members work diligently and excel at their trade. Their hard work throughout the year is rewarded in their competitions for the state test at the end of the year, and in their future jobs after high school.

WIN WITH US

Win With Wellness is a relatively new organization at Granite City High School. This is its third year in existence, but its first year to be recognized as an official club. The teachers who sponsor the club are Laura Mannisi, Bill Puhse, and David Weller. Mrs. Mannisi and Mr. Puhse both teach math, and Mr. Weller teaches health.

Win With Wellness does good for both the community and the school. It helps the community through events such as the Hoops for Hearts Basketball Tournament and the Multiple Sclerosis Run/Walk. It helps make the school a safer place through programs like seatbelt checks and Violence-Free School Day. Other school activities Win With Wellness participates in include Random Acts of Kindness Day and Thirty Days of Fitness.

Not only does Win With Wellness help the community and school, it teaches the students who are involved with it many valuable lessons. In Win With Wellness, you gain leadership qualities and learn to work as part of a team. You get a chance to help your school and community and make you feel good about yourself. Also, you learn more about available resources in your community. Finally, you have fun!

The Win With Wellness Team at Granite City High School has received Awards of Excellence for the first two years it existed. That means it did work above the standards set by Win With Wellness headquarters. So, next time you participate in an activity sponsored by Win With Wellness, stop and appreciate all the work they do.

MUSICIANS EXTRAORDINAIRE

One of the largest organizations at Granite City High School is the band. The band consists of many extremely talented musicians. These musicians play many types of music, such as classical, rock-n-roll, and everything in between. This music is usually played in the school and community. The band performs in local parades, football half-time shows, basketball games, and in competitions of all sorts.

The band directors for this year were Mr. Tim Mason and Mr. Wyatt Roberds. Mr. Mason has been band director for two years. Mr. Roberds has been Mr. Mason's assistant for the same amount of time. Both men put in many hours of time working with the members and putting together field shows. They are very dedicated and their hard work shows.

This year the marching band's field show was complicated. The songs they played were "Russlan and Ludmilla," "A Rachmonoff Portrait," "Comedians Gallop," and "Firebird." The band went to four competitions this year. The competitions were at Washington, MO.; Murray State, Kentucky; and at the TWA Dome in St. Louis. The band did very well at all of these competitions, especially at the TWA Dome where the band placed fourth out of twelve nationally ranked bands in the U.S.

Last spring the band and color guard traveled to Virginia Beach and Washington D.C. to compete in both marching band, concert band, and jazz band competitions. At this competition they won numerous awards in all three of these events. This trip was very successful for the Warrior Band.

In order for the band to become such a talented group of students, they must practice nearly year-round. They take two weeks out of the end of the summer vacation to start learning their field show. These practices are essential for the band. The practices teach them musical skills, marching skills, leadership, and teamwork.

BAND 221

TALENTED ENTERTAINMENT

The GCHS Pom-Pon squad is very prestigious, consisting of many talented dancers and choreographers who provide entertainment during sporting events. To prepare for these performances the poms practice for many hours.

Throughout the year the poms held numerous fundraisers. Early in the school year they held a car wash at First Bank. Also, during homecoming week they sold cookies shaped like footballs to promote school spirit. During the Christmas holiday season, poms sold candy canes to splash some holiday cheer into GCHS. In April, a prom fashion show was held to display the latest trends in formal wear.

In addition to these money making schemes, the poms sold pizzas and held the annual pom-pom clinic for Granite City's youth. At the clinic, the participants received a t-shirt, a certificate of recognition, and a set of pom-poms. Groups were divided according to age. The different age groups were taught routines which they performed for their parents at the close of the clinic.

The money raised through all these projects helped fund the new uniforms and warmups for the squad, and paid some camp fees. The Pom Parents Association is an organization made up of parents of poms that decided the dates in which these fund raisers were held. The Pom Parents also helped the poms organize their agenda, which included performance dates.

Before the school year, the poms attended a camp. The camp was held for three to four days for the marching auxiliaries, which include not only poms but flags and rifles. The camp taught the poms new dance techniques, as well as polished their old ones.

The poms competed in the All-American Tryouts which made them eligible to perform in either the Citrus Bowl in Florida or the Aloha Bowl in Hawaii. Both competitions took place during Christmas vacation. This year, almost all of the poms were eligible to perform in either the Citrus or Aloha Bowl. However, junior Laura Nichol was the only pom that decided to participate. Laura performed at the half time show of the Citrus Bowl.

In the spring, the poms held a banquet at the Sunset Hills Country Club in Edwardsville. Friends and family members were invited to attend the awards ceremony. At the ceremony, awards were presented for various achievements.

This year's Pom-Pon squad was led by captain Julie Burnett and co-captain Beth Reiter. Poms were sponsored by Vanessa Mattern.

VOICES CARRY

One of the sweetest sounds to the human ear is the sound of the human voice singing. Of course not everyone has the talent necessary to sing well. Some people are born with such an ability, others take lessons and practice at it. Whichever category you pertain to, there is a music class just right for you at GCHS.

Here at GCHS, students can choose from a variety of different music courses. The courses include Girls Glee, Swing Choir, Contando, and Advanced Mixed Chorus. All of these courses are instructed by Mrs. Gail Mueller.

Girls Glee is obviously available only to female students. This course is offered as a half-hour class opposite a lunch period. This gives those that are interested in singing but have little time in their schedule the opportunity to take a course on singing.

Swing Choir, unlike girls Glee, is available to both males and females. The performances consist of both singing and dancing. Besides practicing at school for their own enjoyment, they also travel to nearby hospitals, nursing homes, schools, and other such organizations in the area. These performances are usually a very big success and are enjoyable for the audience. Mrs. Mueller accompanies the choir at the piano at each performance.

Contando is an advanced music group here at the high-school. This group resembles the others in many ways, but one major difference is that Contando is for the more talented singers with more experience. Contando requires less instruction.

Advanced Mixed Chorus also consists of males and females. This course is offered to any student at any grade level with various singing capabilities. Students in this class possess the ability to read music and participate within a group.

Along with learning to sing well, the students who participate in these classes also learn about musical terminology and various types and styles of music.

The students who volunteer their time to participate in the music program enjoy what they do and either are or become very good at what they practice. Their instructor, Mrs. Mueller, strives to perfect their work so that they may shine in their performances. She hopes to make singing and music enjoyable subject matter to her pupils. A lot of hard work is required to put on the outstanding performances. This hard work proves to be both beneficial and rewarding when they receive a warm response from their audiences.

ROW 2: Dawn Zaruba, Christy Gilmore, Sarah Haddix, Nicole Knobloch.

ROW 3: Amy Monroe, Melissa David, Melissa Webb, Kathlynn Schermer, Amy Miller, Crystal Meyer.

NINE TALENTED SQUADS

At each GCHS sporting event there are sure to be great athletes, great fans and great cheerleaders. These enthusiastic cheerleaders' job is to get the crowd excited and into the game, and to keep crowds there.

Contrary to popular belief, there is much more to being a cheerleader than being happy, optimistic and never losing hope of a victory. Cheerleaders practice nearly every day after school. This keeps them in top shape and helps them perfect their routines.

Cheerleaders aren't just at the games. Varsity cheerleaders have spirit on the field and off. They make signs for the players and give them bags of snacks as a treat for good luck.

Girls have traditionally made up the majority of the cheerleading squad. However, in recent years many boys have joined the ranks of the girls. They are of great assistance when the cheerleaders do their builds. These male cheerleaders can attest that cheerleading is not just a "girl sport."

Liz McKechnan, a cheerleader for varsity soccer and basketball, says, "Cheerleading can be hard work, but that's what makes it fun. We put a lot of effort and time into what we do and we really enjoy it."

The cheerleaders hold a day camp during the summer in order to raise money. The camp is open for third through eighth grade girls. They spend the day learning chants, cheers, techniques and builds. The girls receive a shirt and lunch. All of the profits from the day camp are divided into each cheerleaders' account which can be used towards cheerleading summer camp.

Each squad goes to a camp for one week during the summer. This past summer, the varsity and JV soccer cheerleaders went to the University of Illinois and placed first in the dance competition. The varsity, junior varsity, and freshmen football cheerleaders spent a week at Southeast Missouri State.

The cheerleading sponsors are Pam Bjorkman, soccer; Janet Williams, football; Denise Spalding, basketball; Diane Peach for wrestling and Leah Schuman, freshmen sponsor.

ROW 3: Elizabeth McKeachan, Melissa Webb, Jennifer Willman.

PLEDGE TO THE FLAGS

The 1996-97 GCHS Color Guard consists of twenty-eight talented members. The squad this year consists of former rifles and flag members with some new editions. Captains for this year are seniors Natasha Gregg and Amy Moran. The captains make up the routines and work individually with the members.

This year the color guard performances consist of routines involving flags and rifles. Certain members are chosen to perform the flag routines and others are picked to perform with rifles.

Throughout the year the squad performs at football and basketball games. They also perform in many contests. This year they competed at the Trans World Dome, in Kentucky, and in Washington, Mo. It is also traditional for the ladies to perform in the annual May Carousel.

With all of these performances the ladies must be very dedicated and practice exuberantly. The girls practice after school one day a week. They also practice during the end of the summer for two or three days a week, three to four hours each day. The squad participates in band camp which is for two weeks straight from eight in the morning to five in the afternoon. During this camp a guard instructor meets with the girls to help them with their marching skills and with their performing techniques.

This year's Color Guard was a larger squad and a very dedicated group of young ladies. Mr. Mason, band director and color guard sponsor, commented that this year's squad was "28 of the best kids I've worked with." With the teamwork they display throughout the year, they show that they work to the best of their abilities. Thanks, ladies, for the great performances you provided for the audiences, which they enjoyed during the half time shows.

ROW 2: Tarra Falter, Stacey Wampler, Heather Passig, Jennifer Miller. 6. Part of the squad works with the rifles.

ANNIE

This year's musical, ANNIE, was chosen for the winter production by the speech department. The production had 52 people dancing and singing to make this one of the most memorable performances at the high school.

"Annie" was directed by Ms. Mary Bright and choreographed by Ms. Margaret Holland-Pennell. Ms. Beverley Scroggins designed and constructed the set. Each of these ladies spend endless hours working to make the performances perfect.

To add to the enjoyment of the musical, an orchestra pit accompanied the performers. Nine members of the GCHS band, directed by Mr. Tim Mason, played throughout the evening giving viewers an added enjoyment.

ANNIE was performed on January 22, 23, & 24. The first two performances were almost sellouts. The last evening, January 24, was standing room only. The audiences for the three productions were full of relatives, friends, and children, cheering, laughing and applauding each of the memorable scenes. Everyone who viewed the show found it to be fun and enjoyable. After the final curtain call, the audiences gave the performers a standing ovation.

One of the many reasons this musical was so enjoyed by all was the vast variety of characters that adorned the stage. Who could forget Mrs. Hannigan, Lily, Rooster, Daddy Warbucks, and Annie played by Amy Pennell. To add to the beauty of the characters, everyone in the production had a costume especially selected for them.

Another reason for the popularity of the show was the variety of music. "Hard Knock Life," "Tomorrow," "Little Girls," "Maybe," "Easy Street," & "Fully Dressed" were just a few of the songs performed by the talented actress and actors.

Thank you to each of the performers and the three ladies who made three special days in January a wonderful memory for so many people.

HOOP IT UP

The 1996-1997 Warrior basketball team had a great season. With the help of returning starters senior Ray Smith, senior Kyle Briggs, and junior Dustin Brewer, the Warriors achieved a winning season. Other starters included senior Michael Ahlvers and senior Jeffrey Hoenig. Strong players from the bench included senior Robert Turck, freshman Zachary May, and junior Timothy Wallace, who was plagued with injuries throughout the season.

Not only has the Warrior team developed great skills, but they also had much height to help them out, with four varsity players averaging 6'4".

This year's coaching staff included freshman coach Darren Depew, sophomore coach David Weller, junior varsity coach Carl Luehman, and varsity coach John VanBuskirk. Coach VanBuskirk said that, "This group of young men were a pleasure to coach. They understood the term 'team'. All of them will be successful men and I wish them the best of luck."

This year the Warriors finished with the consolation championship trophy at the Salem Invitational. All the Warriors performed well but Ray Smith performed above average and made the first team all-tournament team and lead the tournament in scoring with an average of 23 points a game. Dustin Brewer also stepped up his play in the tournament with an average of nine rebounds a game.

This year the Warriors beat East St. Louis Lincoln at Lincoln for the first time ever in Warrior basketball history. Along with Edwardsville, East St. Louis Lincoln was added to the Southwest Conference this year. Also this year was the first in the last six years that the Warriors were able to defeat Collinsville.

With many players returning with varsity experience, next year's team should be another season of .500 or better. Best of Luck.

1. SOPHOMORES: ROW 1: Daniel Winkle, Jason Acord, Andrew Ronk, Dean Schannot, Justin Stone, Corey Winfield. ROW 2: William Kee, Charles Papp, Michael Simpson, Christopher Tindall, Russell Smith, Joseph Laird, Michael Williams. 2. UP AND RUNNING

Cross Country is one of the more difficult sports that the students at GCHS participate in. This sport requires an enormous amount of endurance, determination, and a love for running. Runners of the Cross Country Team compete at the individual and team level. Practices which include long, hard runs that average four to six miles, are the key to winning meets.

Participants do not complain about the amount of strenuous work coaches Paul Greve and Thomas Haeffner require of them. Many of the members of the GCHS Cross Country Team feel that the hard work pays off both physically and emotionally. Conquering the entire course improves their muscle tone, cardiovascular system, confidence and self esteem. Runners on the team benefit a great deal from their experience during the season.

One of the aspects of cross country running that appeals to the participants is the fact that it is such an individual sport. The members can train on their own, and can work on their skills at any time they choose. Their own personal will and determination decides how well runners compete in meets.

The Cross Country Team members begin their season at the start of school. Their season lasts usually until October. During the few months the team competes, members work diligently to make sure they perform to their highest capability. The GCHS Cross Country Team puts in many hours of hard work to make their teammates, coaches, and fellow students proud.

LADIES ON THE COURT

This year the 1996-1997 Lady Warriors Varsity basketball team is being coached by John Moad. Priscilla Meyenburg is the junior varsity coach.

Along with five seniors, two juniors, and one sophomore, the coaches decided to place three talented freshmen on the varsity roster. Jessica Wallace regularly is one of the starting five. Jessica Reader and Erica Todd both dress varsity. This year the team captains are Kelley Johnson and Carrie Simpson.

This summer in preparation for the fall season, many of the Lady Warriors participated in a basketball camp held at Southeast Missouri State. This camp taught the ladies many useful drills to improve different areas of their game.

Although the team has struggled with their shooting ability, they have continued to maintain a strong defense. The team puts many hours of hard work into their practices, and strive to be a powerful force in girls basketball. The Lady Warriors tackled the season with the idea that they were going to improve, continue their positive attitudes, and work to the best of their ability.

The first tournament of the season was the Mascoutah tournament. The Lady Warriors were scheduled to play Carlisle, the number one ranked team in the state of Illinois. Carlisle defeated the Lady Warriors. Although they lost, the team certainly should be proud of the small margin they maintained.

Out of their first eleven game the Junior varsity team won six impressive games. Two of their biggest wins have been against East St. Louis Lincoln and rival Collinsville. In the Collinsville game, with only six seconds remaining and one point behind, Erica Todd came through with a game winning three pointer.

The freshmen team is being coached by Paul Macios. Coach Macios is pleased with the progress that the team has shown, "The good thing about this team is that they don't quit. They play as hard as they can even if they are losing." Their game against Civic Memorial has been perhaps their greatest victory after winning by 20 points. Good luck to all of the teams.

HUT, HUT, HIKE

The 1996-97 Warrior football team began their year with high expectations of the upcoming season. They were all excited about the fact that a new head coach would be leading the team. Mr. Nick Petrillo was given the important role. The players were anxious about the changes that might occur, and what this new coach was going to expect from them as athletes and as a team.

The varsity team defeated Belleville East, Belleville West, and Lincoln, leaving them with a record of three wins and six losses. These numbers only tell us wins and losses, but excludes the excellent quality of the team. Every game was a learning experience. "We made a lot of progress for a team with a new coach," commented varsity player Brad Neidhardt.

This year's team consisted of many outstanding athletes. Some of these talented players were presented with awards of high honor at the awards banquet after the season. This year, Kevin Harris received the "Keith Lucas Award." This award is presented to an athlete who has displayed extraordinary courage on the field, and who has concerned himself with the welfare of his fellow teammates. The "John Tarpoff Award" was given to Ryan Relleke. This award is given to an outstanding lineman who displays qualities similar to that of John Tarpoff, a lineman who played for the University of Missouri. Harold LaLumondiere received the "Rudy Award." This was the first year that this award was issued. The award is given to a Junior Varsity player who exemplifies teamwork and helps the Varsity prepare for their upcoming opponent.

The coaches of the varsity team also gave away Most Valuable Player awards. Most Valuable Players for each position were running back, Michael Posey; offensive lineman, Ryan Relleke; defensive lineman, Brad Neidhardt; and defensive back, Rocky Smith. Rocky was also named to the first team All-Conference. Jaunell Goodwin, Jeffery Hayden, and Ryan Relleke were named to the second team. The following received Honorable Mention: Jason Dix, Matthew Glover, Kevin Harris, Peter McKinnie, Philip Meyer, Brad Neidhardt, David Parker, and Wesley Reed. Although, there were just a few awards that were presented, the Warrior team would have never had such a successful season without the participation of everyone on the team.

Reflecting on the season, Coach Petrillo said, "I am very proud of the 1996-97 Warrior Football team. Their competitiveness and desire to be better each week is a quality that I hope next years team can continue. Teamwork is what the '96 Warriors were all about. They didn't play for individual glory, but for the love of the game. I believe the emphasis in athletics should be placed on how to play the game-the process preparation, the effort of the athlete during the game and the attitude that is carried on to the field. These are the things we can control. The character of this team can be summed up by simply saying that they played hard and never quit."

Hopefully, next year's team will have the same success as this years. Remember that the Warrior football team needs all the support from fans that they can have. Whether the team wins or loses they always put on an excellent show.

FAIRWAY TO HEAVEN

Golf is a sport that takes many long hours of practice. It also takes experience as well as concentration and athletic coordination. Every shot is different from the one before. One minute your ball could be on the fairway and the next minute it could be in the sand-trap.

This year, the GCHS Golf Team was rather young and inexperienced, but with great potential for next year. They will have all summer to practice their game and come back stronger than ever. Many of the players considered this year as a stepping stone for next year's season.

The team had a record of 11-9-0. Most of the players can't wait until next year to return to competitive play. The Junior Varsity Team also had a competitive season. Their record was 10-6.

The Varsity Team tied for fourth place out of twelve teams in the Mascoutah Tournament. Players on the varsity level consisted of 3 seniors, 2 juniors, and 3 freshmen. Senior Timothy Goskie said "This year's season was rather disappointing; we should have done a lot better. At least we had fun doing it."

Freshmen Jeffrey Jerden received Honorable Mention All- Area Team. He also tied for first with a score of 75 in the Mascoutah Tournament.

Patrick Logan lines up his next shot.

A TRADITION OF WINNING

The Soccer Warriors have a long tradition of winning. This year was no exception. The team worked hard and were extremely dedicated.

The team was coached by Gene Baker, Virgil Kirksey, David Ames, Allen Harris, and Barry Grote. Head Coach Baker had a long tradition of soccer excellence himself. He was on the 1965 Billiken team that won the N. C. A. A. Championship while going undefeated. He has been at Granite City High School since 1973 and has won nine state championships to date.

The captains of this year's team were Kyle Briggs, Eric Edwards, and Scott Mills. The team had some memorable victories this season. They defeated Vianney, Aquinas Mercy, and Springfield Sacred Heart. They ended the season with a record of 11-8-4.

In post-season play, the Warriors reached the semi-sectionals where they were defeated by Collinsville.

The senior soccer players had some great accomplishments this year. Kyle Briggs made both the All-State and All-Conference. He was an All-Midwest Selection and All-American. He was also the #1 player in Southwest Illinois. Other players to make All-Conference were Scott Mills and Jeremy Smith. Eric Edwards and Eric Wilkerson made Second team All-Sectional.

Coach Baker also gave special honors to his players. Kyle Briggs was given the Most Valuable Player Award. The Most Improved Player Award went to Eric Wilkerson and Walter Greathouse. The "Dave Morgan Award" is awarded to those players whose hard work and dedication is reflected by their gentlemanly conduct on the field. This year that award was given to Scott Mills.

Reflecting on the season, Coach Baker said, "The '96 Soccer Warriors were a competitive side against excellent opposition. The seniors made great strides becoming better athletes and gentlemen. Congratulations, you are winners."

The Junior Varsity team also did very well this season. They had remarkable wins over both Vianney and McCluer North. They ended their season with a record of 7-2-2.

The Freshmen Soccer team struggled through the season. They ended their season with a record of 2-9-2, but it was good learning experience.

1. VARSITY SOCCER: ROW 1: Justin Roehr, Lucas Geggus, Mason Czar, Corey Wallace, Dane Bauer, Craig Murphy, Curtis Howard, Jeremy Smith, Scott Mills, Corey Winfield, Alex Bautsch, Jason Kelsaw. A STROKE OF HARD WORK

The Lady Warrior Tennis Team finished their season with a record of eight wins and eight losses. The team also finished third in the Civic Memorial Tournament which was an "all doubles" tournament.

The team consisted of eighteen players, ten varsity and eight junior varsity players. The varsity team was lead by eight seniors and two juniors. The line-up was made up of Sangeeta Kumar, Michelle Montgomery, Adina Lewis, and Melissa Nelson playing singles. The doubles teams were Kara Ballew and Amanda Crabtree, Cynthia Gorka and Kimberly Conaway, and Julie Hildebrand and Krislyn Niggli.

The ladies were coached by Mrs. Linda Ames for the third year in a row. The team's number one singles player Sangeeta Kumar, made it to the state tournament in Chicago this year. She made a very good showing, losing her first match, winning her second, and losing her third. Sangeeta is the first girl from Granite City that has made the state tournament in six years. "Going to state in tennis was a great experience. It was something that I have been looking forward to for four years, and it was a nice way to cap off my tennis career in the high school!"

The team will be losing nine seniors, but the remaining varsity and junior varsity members are strong players and will fill the open positions. The sophomores and freshmen are very good players and have improved greatly since the beginning of the season. As the team grows, the tradition of Lady Warrior Tennis will grow as well.

Julie Hildebrand hits the ball over the net during practice.

ANOTHER BANNER YEAR

This year the Lady Warriors Spikers did well despite having both a young team and a transition year. The new head coach for the Warriors was Amy Cole. The co-captains this year were Tonna Druhe and Amelia Tapp.

The Spikers began practicing on August 19. Their first game was on September 3 against Civic Memorial. The Warriors lost but played well.

The Varsity team played in four tournaments throughout the course of the season. They were the Granite City Fall Classic, Collinsville Invitational, Freeburg Invitational, and the Southwest Conference Tournament. The team placed third in the Collinsville tourney and fourth in the Conference one.

Post season play began on October 29, for the ladies at East St. Louis Senior. The Warriors beat Cahokia to enter the Regionals finals. Then on the 31 of October, the spikers beat East St. Louis Lincoln to become the Regional Champions. The team then went on to the Sectionals which were held at Belleville East. In the first round of play the Warriors suffered a tough loss against Salem. The team's record for the season was fifteen wins and nineteen losses and one tie.

The Junior Varsity team was coached by Ruth Layton again this year. The ladies played in the Belleville West Tournament for the first time. The team came out strong and played well this year. Their record for the season was one win eighteen losses and one tie.

The freshman team was coached by Deb Germann. She taught the girls the fundamentals which they will need to know in the future. The freshmen played in three tournaments this year. They were the Granite City, Hazelwood East, and Collinsville tournaments. The Warriors placed fourth in the Hazelwood tourney. Their record for the season was four wins and fifteen losses.

Even though none of the teams had a winning record they played well and learned from their mistakes in order to become more successful in the years to come.

3

KINGS OF THE MAT

High expectations were placed upon the Granite City High School Wrestling Warriors in the 1996-97 season. The wrestlers did not disappoint anyone. Their mid-season record was 22-0-1. Also, they were the Conference Champions for the sixth year in a row.

This season there were three senior starters, Nicholas Campbell (23-12), Michael Glover (22-9), and David Thompson (18-17). Their mid-season records were exceptional. David Thompson was the team leader in escapes with forty-one. The seniors all performed well. They made their final season a memorable one.

Five starters came from the junior class. They were Adame Dunnivant (22-10), Jonas Janek (30-8), John Kelly (27-12), Dwight Newman (23-13), and Matthew Werner (25-12). Jonas Janek led the team in reversals with twenty. Matthew Werner was the team leader in measured decisions with five, technical falls with five, and near-falls for three points with twenty eight. The juniors were a big part of the team's success. Next year should be a great year for them.

Three sophomores also added to the strength of the starting line. They were Justin Hale, Brooks Narvaez, and Kevin Venne. Brooks Narvaez headed the team in take downs with eighty-one. Kevin Venne was the team leader in pins with nineteen. The sophomore starters learned a lot this season and gained experience they can use in seasons to come.

Two freshmen also joined the starting line. They were George Kirgan and Gary Oxford. They showed remarkable talent this season. Gary Oxford led the team in near-falls for two points and was the team leader in points with 172. With freshmen like this, Granite City can look forward to many years of excellent wrestling.

The Varsity team was coached by Mike Garland. He was extremely dedicated. Speaking of the team, he said, "We have a young team that I hope excels in the state tournament series. With hard work in the spring and summer we can bring home some individual state medals and a State Dual Team Trophy."

The Junior Varsity team also did very well. They were coached by Tom Blaha.

The Granite City Wrestling Warriors had another great season. They bring honor and pride to our school. Wrestlers, Granite City is proud of you.

FAVORITE AMERICAN PASTIME

The smell of the leather glove, the pop of the bat, the cheer of the crowd after an exciting play at the plate; these are just a few of the signs of baseball at the GCHS ball diamond. This spring was no exception. The baseball team prepared themselves for the long season ahead. These preparations included starting with the fundamentals of the game. In order to practice these skills, the players executed drills and used repetition to perfect their skills. Running and stretching was an important part of the first few days of practice. It kept injuries minimal.

Baseball is more than just another game or activity; it is about tradition, friendships, teamwork and dedication. Win or lose, the Warrior team went out on the field looking sharp and ready to play with confidence and heart.

With high expectations the team started the season by splitting a double header with East Moline. They began to see the team come together under the direction of head coach Gustave Lignoul who looked forward to his third year in charge of the team.

The team was led by seniors Jeremy Hoback, Earl Niepert, Brad Ervay, Brian Lloyd, and Justin Bettorf. Their experience helped the team avoid making mistakes. They also gave the younger players encouragement and tips they had learned at the varsity level. In the first part of the season the Warriors beat fourteen teams out of the first eighteen played. This was a very commendable record.

This year, the Warriors participated in some other activities outside of the regular season. One of the activities was a barbecue at Ervay's restaurant to raise money for new equipment. The team was also involved in a game against Mt. Vernon at Busch Stadium. The Warriors played after the Cardinals finished their game. Also, a new John Deere cart was donated to the program this year by the boosters club. The cart was helpful in transporting equipment and preparing the game field.

The 1996 Warrior varsity baseball team played hard all year and never let up. All of their work and years of practice paid off. The team did an excellent job representing the school on the ball diamond.

A STADIUM EVENT

A fanatic, according to the Merriam-Webster dictionary, is marked or moved by excessive enthusiasm and intense devotion. The Warrior baseball fans can easily be characterized as fanatics.

The devoted fans went to Busch Stadium on May 12, 1996, to watch the GCHS Warriors play the Mt. Vernon Rams. The fans lifted the spirits of the Coach Lignoul's ball team by providing moral support, banners, and loud voices. The players were glad the Granite City troop made their way to St. Louis once again to view this exciting event.

The crowd, however, did not see a victory for Granite City. Mt. Vernon won the game with a score of seven to five. Even with the defeat of the Warriors, the GCHS fans had an enjoyable time watching their team play. The fans were once again treated to a great exhibition of baseball played at exciting Busch Stadium.

The players from both teams were given memories they can cherish forever. They can tell their friends and families they once played at Busch Stadium where the champion Cardinals play.

A SWINGING GOOD TIME

Tennis is a very challenging and demanding sport. It takes hours of practice for players to live up to their best potential. It takes agility, endurance, and stamina. This year's team possessed all of these qualities. As a result, they had a very successful year.

The team was led by seniors Joseph Markel and Louis Prazma, according to Coach Allen Lobdell. Each presented outstanding leadership abilities, the ability to work well with others, and great talent. Other senior members included Thomas Hatley, Shawn Thomas, Aaron Bettorf and Derrick Webb.

Mr. Lobdell also stated junior members Christopher Carpenter and Timothy Goskie led the way for their age group. Other juniors that participated on the boys tennis team were Michael Hellrich, Scott Jackson, John Mills and Christopher Ousley.

"Two promising sophomore players who had a great impact on boys this year were Robert Grady and Steven Graham," said Coach Lobdell. Mark Achenbach, Matthew Foley and Joeseeph Herman were also important sophomore assets to the '96 season.

Newcomers to the boys tennis scene were freshmen Stephen Hendrickson, Bradley Hutchings, Daniel James, Timothy Knowlton, Brian Melson, Zebulon Moore, Andrew Ronk, Dustin Rosenburg and Steven Schroeder. Each played very well and showed exceptional talent.

Coach Allen Lobdell says, "This is the most promising year for the future of boys tennis at Granite City High School. The younger players will help our team in the future." Doubles players for this season consisted of six varsity players and six junior-varsity players. Each put out tremendous effort and are thanked for all of their hard work.

The team finished with an outstanding nine wins and three losses during team play and placed a strong third in the Southwestern Conference tournament. Congratulations to the entire 1996 boys tennis team on an excellent season.

OUR G.C.H.S. SLUGGERS

The GCHS softball team this year went through many changes. Coaching the varsity team this year was Deb Germann who came to GCHS in 1994. This was her first year as head coach and she selected John Moad and Lisa Miller as her assistant coaches.

The varsity team had many returning letter winners. Seniors Erin Tongay, Jill Ahlvers, and Jennifer Willis served as the leaders for the team. Other players that returned with varsity experience were juniors Tonna Druhe, Christina Greathouse, and Amelia Tapp.

The Lady Warriors finished the season with a record of eight wins and eighteen losses but this does not show how much effort they put forth. They received some batting tees and a batting cage from the Boosters club that is ran by GCHS parents. This equipment helped the Lady Warriors greatly improve their skills. These skills helped the Lady Warriors finish second behind Civic Memorial in the Granite City High School Softball Tournament.

The team did very well in the post season. Their first Regional game was against Edwardsville who had beat the Warriors earlier in the year. The players worked hard and pulled off a close victory in extra innings. Then, in the second Regional game, the Lady Warriors played against Civic Memorial. They lost a hard fought game that was decided by one run.

The Lady Warriors finished their season strong and made many improvements throughout the year. The team had a very successful season.

1. **GIRLS SOCCER: VARSITY** ROW 1: Felicia Mohsen, Amber Hubert, Shannon Roth, Jamie Raub, Brandi Ficker. ROW 2: Rachel Mefford, Ismahan Mohsen, Rachel Kennerly, Kristen Knox, Kelly Sumpter, Tara Tomlinson, Michelle Montgomery, Amanda Nizinski, Kristin Stovall. ROW 3: Coach Allen Harris, Coach Virgil Kirksey, Jennifer Willman, Carrie Simpson, Crystal Timmons, Jaime Dellbringge, Connie Meyers, Kathryn Curran, Jessica Mefford, Coach Gene Baker. 2. **JUNIOR VARSITY** ROW 1: Leah Gamblin, Brianna Hacke, Julia Murphy, Rebekah Boone. ROW 2: Kristin Stovall, Evonne Raftery, Rebecca Talley, Brandi Tate, Stephanie Smiddy, Elizabeth Dittman, Brandi Ficker, Jamie Raub. ROW 3: Coach Virgil Kirksey, Amber Hubert, Amanda Townzen, Crystal Cavins, Debra Aaron, Melissa Montgomery, Pamela Krupco, Coach Allen Harris.

2

LADY WARRIOR KICKERS

The 1996 Lady Warrior soccer team started out the season full of promise. The varsity team was coached by Mr. Gene Baker. The assistant coaches were Mr. Virgil Kirksey and Mr. Allan Harris. The squad of 1996 was considerably young, with only ten returning juniors and five returning sophomores. Captains for the varsity team were juniors Connie Meyers, Carrie Simpson and Amanda Nizinski. Before the season even started the team lost two varsity starters, Roxanne Simpson and Jaime Dellbringge. Dellbringge returned in the middle of the season.

Despite losing these players, the Warriors were very confident going into their season opener against Incarnate Word. The team's record was six wins, one tie, and two losses midway in the season before the St. Dominic Tournament. Two of these big wins were over Collinsville and O'Fallon, beating Collinsville in double overtime.

The lady Warriors participated in the fourth annual St. Dominic/Francis Howell North Shootout. Top teams in the area competed in this tournament. Granite City started out the tournament with a 1-1 tie against St. Joseph's Academy. They continued the tournament with a 2-1 loss against Incarnate Word, and finished the tournament with a 3-1 victory over Duchesne.

The junior varsity squad, coached by Mr. Virgil Kirksey and Mr. Allen Harris, also had a great season. The team was made up of 18 incoming freshmen. The captains of the JV squad were Melissa Montgomery and Evonne Raftery. They started out their season tying Incarnate Word. The team, in the middle of the season, had won all of their conference games except for a loss to Collinsville.

This year Granite City had the honor of holding the first annual round robin freshmen tournament. The teams that competed were Francis Howell North, Hazlewood Central, Francis Howell, and Granite City. The winner of the tournament was Granite City, they had no losses during the tournament.

The Lady Warriors had a good season. They had great team unity and played well together. The players never gave up, and kept fighting until the end. The squad worked very hard throughout the season. They hoped to pursue their goal of winning a championship trophy at the State Tournament.

RUN LIKE THE WIND

The 1996 track team showed great potential this season. The team started out the season with winter conditioning. This was a new program that allowed the athletes to prepare mentally and physically for the season. This was the first year for this program, and it gave students a chance to get in shape and discipline their bodies before the actual season began.

The track team was represented with almost an entirely new coaching staff, with the exception of Larry Curry. Coach Curry was in charge of discus and shot put in previous years. The new coaches were head coach Gene Briggs; jumping coach, Paul Macios, Tom Miller, distance events; and Cindy Hartke coached the sprinters.

Both the girls and the boys track team compete in a large variety of events. The events consist of the 4x100, 4x200, 4x400, and 4x800 relays, the one & two mile run, the 400 & 800 run, & the 100 & 200 yard dashes. The field events are the high jump, long jump, triple jump, shot put, and discus. The boys hurdles are the 110 yard highs, the girls hurdles are the 100 yard intermediate and both girls and boys compete in the 300 yard intermediate hurdles.

The track season consisted of several meets, although some were more critical than others. The first meet of the season was the SIU indoor meet held in Carbondale. This was the only indoor meet of the season and it was a great experience.

The more important meets were the Madison County Meet, Southwest Conference meet, and the Sectional meet, which determines the athletes who get to participate in the State Preliminaries. The State meet was held in Charleston.

Both the girls and boys track team pulled off an exciting season and GCHS hopes to see more seasons like this in the future.

4

THE MUSICAL COMEDY MURDERS OF 1940

The 1996 spring play was "The Musical Comedy Murders of 1940." This play was similar to the game "Clue." The question "Who Dunnit?" was asked all night. Everyone was searching for the "stage door slasher."

The setting for the play was at the library of Elsa Von Grossenkneuten's mysterious home. In the library, there were three entrances to a series of underground passages which were under the house. Not only were the visitors trapped by a blizzard in a mysterious house, but there was a killer among them. The characters were all part of a fake audition set up by Elsa Von Grossenkneuten to capture the slasher. The writers in the play were Roger Hopewell played by Ben Ratchford, and Bernice Roth, played by Tracey Petrillo. In the play, director Kan De Lan Maize was played by Steve Mathes. The producer was Marjorie Baverstock played by Jaime Carney, and the financial supporter was Elsa Von Grossenkneuten, played by Andrea Malone.

As the night progressed people died at the hands of the slasher. First the maid died, played by Sarah Fielding, then Marjorie Baverstock, and finally Patrick O'Reilly, played by Ryan Moenster. While trying to find the slasher, singer and dancer Nikki Crandall played by Amy Pennell falls in love with comedian Eddie McCuen, played by John Buxton. The stage door slasher, played by Matt Ely, was found to be Ken De Lan Maize. He, along with Dieter Wentzel, a German spy played by Sarah Fielding, were arrested by Michael Kelly, played by Danny Dixon.

This play was in depth and hilarious at the same time. Many of the characters had alternate identities. Nikki Crandall was really a Navy ensign, and Patrick O'Reilly was really a German spy which was a friend of Dieter Wentzel who came back for revenge. Sarah Fielding played four different people throughout the play: her character was Helsa Wentzel, she also played Helsa's sister, Holga Wentzel, her brother, Dieter Wentzel, and her cousin, Katerina.

There were many great performances given. Seniors Andrea Malone, Jaime Carney, Michael Halbrook, who did much of the behind the scenes work, Tracey Petrillo and Ben Ratchford will be greatly missed. Yet there are many very talented actors and actresses still with us that will continue to give great performances.

REMEMBER ME THIS WAY

On April 27, the seniors at GCHS celebrated the 1996 prom. Although that particular Saturday was humid and rainy, the night still remained memorable. Nothing could dampen the spirits of this festive evening.

This year's prom theme was "Remember Me This Way" from the movie "Casper." The colors were an elegant ivory and gold.

Before the actual prom night, months of preparation were required. For the girls, dresses had to be purchased, ordered, or made-to-order. Their hair and nail appointments were scheduled. Only one small item remained — Finding a date.

Guys began ordering tuxedos or purchasing a new suit. They had to also think about the flowers and reserve a limousine. And, of course, get a girl to go with them.

Many couples, before prom, flocked to Wilson Park for photographs at the gazebo. Family and friends came to the park to see everyone on this special night. From there, depending on the mode of transportation, couples boarded their limousines, party buses, and cars to the Pipefitter's Hall where prom was being held.

Once arriving at prom, couples could again have more pictures taken before finding their designated tables. Everyone looked at everyone else to see what styles of dresses were the most popular.

After being welcomed, dinner was served. Once everyone had finished their meals, the true celebration began. The Disc Jockey turned up the music and couples and friends danced the night away. A few hours into the evening, girls had removed their shoes and boys took off their ties. This made everything more comfortable for serious dancing.

Prom ended at 11 o'clock and everyone promptly left to start their post-prom festivities. Some couples went for dessert and others decided to indulge in another big meal. No matter what was done afterward, everyone had a memorable, unforgettable night at the 1996 GCHS prom.

CAMPAIGN 96

Every four years there is a special event which takes place. It is the presidential election. Before any of this can happen, though, each candidate must first be nominated by their political party at their own national convention. Every four years Granite City also hosts a convention mocking the real one. Each convention is always terrific, this year's was no exception. The convention held in Granite City took place March 6, 1996.

This year's convention was put on by the Social Studies Department, headed by Mr. Gary Kasproovich, and the Social Studies Club, headed by Mr. James Lombardi. The convention took place in the cafeteria of the High School. Students volunteered to be the delegates and the chairmen of each state. All 50 states, the commonwealth of Puerto Rico and the city of Washington D.C. were also included in the convention.

Mr. Kasproovich and the other members of the Social Studies department were pleased with the number of students that attended the convention. It was the largest turnout at G.C.H.S. since the conventions began. He also said that the participation spoke well of the students and their interest for politics and the upcoming election.

Students also volunteered to give the speeches for each candidate. Michael Halbrook was the chairman of the convention. The secretary for the convention was Robert Lampitt. Stacey Brimm began the evening by singing the national anthem. Speakers at the convention were Steven Mathes, Andrea Malone, Patrick Mullen, Sarah Fielding, Tarra Falter, Jacquelyn Hale, Joshua Sedebras, Shaun McKeal, Daniel Timko, David Martin, Thomas Hatley, Douglas Mueller, James Rooney, Monique Arnold, and Sarah Eaton.

At the high school convention, for the Republicans, Pat Buchanan won by an overwhelming margin. Dole took a distant second, followed by Steve Forbes. Lamar Alexander took fourth place. Bill Clinton received the Democratic nomination.

Even though Pat Buchanan won at the convention held by the high school, Bob Dole won the Republican Party's nomination at the actual convention. The Republican National Convention took place in San Diego in August of 1996. The Democratic National Convention was held in Chicago a few weeks later, with the incumbent, Bill Clinton, winning the Democratic nomination.

GRAND FINALE

On May 31, 1996 the day every senior had been waiting for arrived—the day of graduation. The ceremony took place at 8:00 p.m. at Granite City Senior High School Memorial Stadium. Members of the class of 1996 began arriving to the field at 7:00. They gathered for a few final snapshots with their friends and teachers. Then to the delight of the students and their family and friends in attendance; the ceremony began.

The administration decided to follow the same format as the 1995 graduation. Many teachers participated and wore robes whose colors indicated their degree. This year it was also decided to keep the ceremony as short as possible. As a result, speeches were kept to a minimal length. The first speaker was Principal R. William Rotter. The next speaker was the valedictorian of the class of 1996, Brian McMillan. After his remarks, the class salutatorian, Denise McMillan, gave her speech.

After Denise spoke, Superintendent Steve Balen gave the class of 1996 his words of congratulations. Finally it was time to award the seniors their diplomas. They were given out by the Board of Education Members and GCHS administrators. This was the highlight of the evening.

After the ceremony the crowds descended on the field. Graduates, some with teary eyes, found their friends and family and rejoiced. The time the class of 1996 spent at GCHS is now memories. There will be no more homecomings, hall talk, tardies, detentions, or anything else. Instead, the class will embark on new endeavors such as college, the military, or the work force. Undoubtedly the past four years will be engraved in their memories forever.

A HARD DAY'S NIGHT

Yearbook editor - Amelia Tapp

YEARBOOK

Stacy Sturdivant
Photographic Assistant

Norman Mangoff
Hollywood-Andrews
Studio

Christine, D P Spudich, advisor, & Dimana.

A CHALLENGING YEAR

A yearbook serves many purposes. One purpose is that of a history book. The book permanently places on paper the events of the year, outlining who was involved and what was accomplished.

The book's portrait section is a reference book. The book outlines the performance of teams, organizations, and classes.

A yearbook will remain with you for years. It becomes a nostalgic remembrance.

Also the book acts as a representative for the school, students, teachers, and administrators. Distributed by the publisher throughout the United States, it is compared with other yearbooks.

For those who participate in the yearbook experience, the experience itself is a gathering of wisdom. The staff acquires knowledge and information in the areas of photography, artwork, graphics, writing, and sales. This year 11 ladies and 3 gentlemen took part in that experience.

The editor-in-chief was Amelia Tapp. Seniors included Melanie Gensert, Cynthia Gorka, Jessica Harris, Jeffrey Hoenig, Patrick Mullen, Matthew Owca, and Sarah Signall.

Juniors included Courtney Blind, Kathryn Cooper, Kimberly Greer, Kristin Solberger, Amy Thomas, and Jenna Wright.

These students were some of the wittiest and most entertaining in the school. They knew what had to be done and they did it. During the year, they were creative, hard-working, and talented. They filled 320 blank pages with photos, stories, and memories.

What began as a few ideas developed into a yearbook that will enhance the lives of everyone. Congratulations to Amelia Tapp and her staff of outstanding young women and men.

1. Christopher Carpenter, Erin Tyler, Tonna Druhe, and Steve Mathes jump out of the building for the last time. 2. V.I.C.A. boys and yearbook girls give a final wave to school. 3. Robin Bitzer goes to the locker for the last time. 4. Danny Bronnbauer & Christopher Bruzaitis wave 'bye.' 5. Adele Gorka says it's time to 'exit.'

the 1990s, the number of people in the UK who are aged 65 and over has increased from 10.5 million to 12.5 million, and the number of people aged 75 and over has increased from 4.5 million to 6.5 million (Office of National Statistics 1999). The number of people aged 65 and over is projected to increase to 15.5 million by 2020, and the number of people aged 75 and over to 8.5 million (Office of National Statistics 1999).

There is a growing awareness of the need to develop services to meet the needs of older people, and a number of initiatives have been developed to address this need. The Department of Health (1999) has published a strategy for older people, which sets out the government's commitment to improve the lives of older people. The strategy is based on three main principles: (1) to ensure that older people have the opportunity to live independently and actively; (2) to ensure that older people have access to the services and support they need; and (3) to ensure that older people are treated with respect and dignity.

The strategy is based on the following assumptions: (1) that older people are a diverse group with different needs and interests; (2) that older people should be able to live independently and actively; (3) that older people should have access to the services and support they need; and (4) that older people should be treated with respect and dignity. The strategy sets out a number of key objectives, including: (1) to improve the health and well-being of older people; (2) to improve the social and economic participation of older people; (3) to improve the housing and living conditions of older people; and (4) to improve the services and support available to older people.

The strategy also sets out a number of key actions, including: (1) to improve the health and well-being of older people; (2) to improve the social and economic participation of older people; (3) to improve the housing and living conditions of older people; and (4) to improve the services and support available to older people. The strategy is a framework for action, and it is up to local authorities and other service providers to develop and implement the actions that are needed to meet the needs of older people.

The strategy is a framework for action, and it is up to local authorities and other service providers to develop and implement the actions that are needed to meet the needs of older people. Table 1. The mean (SD) age, height, weight, and body mass index (BMI) of the participants in each of the three groups

Variable	Control group	Low-intensity group	High-intensity group
Age (years)	16.1 (0.5)	16.1 (0.5)	16.1 (0.5)
Height (cm)	168.2 (6.1)	168.2 (6.1)	168.2 (6.1)
Weight (kg)	60.1 (10.2)	60.1 (10.2)	60.1 (10.2)
BMI (kg m ⁻²)	20.8 (2.5)	20.8 (2.5)	20.8 (2.5)

the control group. The mean (SD) age, height, weight, and BMI of the participants in each of the three groups are shown in Table 1. The mean (SD) age, height, weight, and BMI of the participants in each of the three groups were not significantly different ($P > 0.05$).

The mean (SD) age, height, weight, and BMI of the participants in each of the three groups were not significantly different ($P > 0.05$). The mean (SD) age, height, weight, and BMI of the participants in each of the three groups were not significantly different ($P > 0.05$).

The mean (SD) age, height, weight, and BMI of the participants in each of the three groups were not significantly different ($P > 0.05$). The mean (SD) age, height, weight, and BMI of the participants in each of the three groups were not significantly different ($P > 0.05$).
